1	Rules Committee - 11-20-12 4
2	CHAIRWOMAN GONSALVES: Rules members
3	please take your seats.
4	I'm going to call the roll.
5	Substituting for Kevan Abrahams, Ranking
6	Member Kevan Abrahams, is Legislator Judi
7	Bosworth. Judy is here.
8	Judy Jacobs?
9	LEGISLATOR JACOBS: Here.
10	CHAIRWOMAN GONSALVES: Wayne Wink?
11	LEGISLATOR WINK: Here.
12	CHAIRWOMAN GONSALVES: Howard Kopel,
13	Vice Chairperson of Rules?
14	LEGISLATOR KOPEL: Here.
15	CHAIRWOMAN GONSALVES: Dennis Dunne?
16	LEGISLATOR DUNNE: Here.
17	CHAIRWOMAN GONSALVES: Substituting for
18	Rose Marie Walker is Legislator Muscarella.
19	And I, Norma Gonsalves, I am here.
20	We have a quorum.
21	First order of business will be to
22	suspend the rules.
23	May I have a motion, please, to suspend
24	the rules? Okay. All right. A second to that.
25	All those in favor of suspending the

1	Rules Committee - 11-20-12
2	corrections.
3	The first contract is E-205-12, with DPW
4	and Gibbons, Esposito & Boyce Engineers.
5	I know you're ready to go.
6	E contract 206-12 with DWP and DeBruin
7	Engineering, P.C.
8	207 E-207, contract with between
9	DPW and Holzmacher, McLendon & Murrell, P.C.
LO	We can discuss them individually, but I
L1	think in the interest of time it may be a good
L2	idea to just go through with them.
L3	E-208, between DPW and Nelson and Pope.
L4	E-209 with DPW and Hazen and Sawyer.
L5	E-210-12 with DWP and Dvirka & Bartelucci
L6	Consulting Engineers.
L7	E-212 with DPW and Lockwood Kessler and
L8	Bartlett.
L9	E-213-12 with DPW and Louis McLean
20	Associates Engineers and Surveyors.
21	E-214-12 with DPW and VHB Engineering,
22	Surveying and Landscape Architect, P.C.,
23	Architecture, P.C.
24	E-215-12 a contract with DPW and Sidney
25	B. Bowne & Sons, LLP.

1	Rules Committee - 11-20-12 7
2	Contract E-216 between DPW and CDM Smith.
3	E-217, DPW and Malcolm Pirnie.
4	E-218-12, contract with DPW and the RBA
5	Group.
б	And E-219, a contract with DPW and
7	Greenman-Pedersen, Inc.
8	E-220-12, a contract with DPW and CSM
9	Engineering, P.C.
10	The last one would be contract E-221-12
11	between DPW and LIRO Engineers, Inc.
12	A motion to put them on the floor?
13	LEGISLATOR DUNNE: So moved.
14	LEGISLATOR MUSCARELLA: Second.
15	CHAIRWOMAN GONSALVES: Moved by
16	Legislator Dunne, seconded by Legislator
17	Nicolello Muscarella, I'm sorry.
18	If there are any questions to ask
19	Commissioner Shah and Mr. Arnold. Okay. Judy,
20	it's yours.
21	LEGISLATOR JACOBS: I'm not going to
22	monopolize all of them. I just wanted to ask
23	just a general, generic question. Are these all
24	eligible for FEMA funding?
25	COMMISSIONER SHAH: Yes, they are. The

1	Rules Committee - 11-20-12
2	contracts that you just named are for the
3	assessments and inspection of all of our
4	facilities, infrastructure, including roads,
5	bridges, traffic, parks, and also to have
6	inspectors monitor our debris management plan.
7	That's all FEMA reimbursable.
8	LEGISLATOR JACOBS: Okay. Good. Let me
9	take E-205 and then we'll all, you know. This is
10	a minor change but should be noted.
11	On the impact on funding, this is not
12	this is the second amendment, correct? This is
13	the second amendment, the \$500,000 here. The
14	total should read \$1,505,443.50.
15	MR. ARNOLD: That's on the Gibbons?
16	That's on the Gibbons amendment?
17	LEGISLATOR JACOBS: That's on the
18	Gibbons, right. So there was an error. There
19	was just an error in computation that was either
20	typing or figuring. It's actually the second
21	amendment that should be changed from first to
22	second.
23	MR. ARNOLD: Okay.
24	LEGISLATOR JACOBS: Just so you're aware
25	of that. That's E-205.

1	Rules Committee - 11-20-12
2	amount section needs to be amended to 650,000. I
3	just wanted you to have that changed.
4	LEGISLATOR BOSWORTH: I'd just like to
5	refer to 211, and that's with Dvirka &
6	Bartellucci Consulting Engineers. The summary
7	says the increase is \$700,000 but the contract
8	says 500,000. So I just wanted to make sure that
9	the right number is in there.
10	COMMISSIONER SHAH: Okay. We'll modify
11	that.
12	LEGISLATOR BOSWORTH: Thank you.
13	LEGISLATOR JACOBS: 218, that's a
14	contract with RBA Group. The right number should
15	be it should read \$1,500,000 and not
16	\$1,250,000.
17	COMMISSIONER SHAH: Okay. We'll take a
18	look.
19	LEGISLATOR JACOBS: Just wanted you to
20	know because otherwise we're voting on the wrong
21	figures.
22	Commissioner, we would ask that
23	Commissioner Shah, we would just ask that you
24	submit to the clerk we're going to vote now.
25	But if you could just submit to the clerk the

Rules Committee - 11-20-12
corrected copy, that would be very helpful.
COMMISSIONER SHAH: That's not a
problem. We'll take a look. If there's if
these errors are there, we'll make sure we modify
them. Sure.
CHAIRWOMAN GONSALVES: Commissioner
Shah, our director of finance said that we have
the same questions and the counsel says that as
well.
COMMISSIONER SHAH: That you have the
same questions. That's not a problem.
CHAIRWOMAN GONSALVES: So the
corrections need to be made.
COMMISSIONER SHAH: We'll take a look,
and we'll modify them.
LEGISLATOR JACOBS: Thank you.
CHAIRWOMAN GONSALVES: Okay.
I guess we are in favor of those
contracts.
All those in favor of these contracts
that were called and will be modified by the
commissioner please indicate by saying aye.
(Aye.)
Any opposed?

1	Rules Committee - 11-20-12
2	(No verbal response.)
3	Motion carries unanimously.
4	These are E contracts for West Shore
5	Road.
6	E-168 and E-171, a motion to un-table
7	these two E contracts?
8	LEGISLATOR WINK: So moved.
9	LEGISLATOR DUNNE: Second.
10	CHAIRWOMAN GONSALVES: Moved by
11	Legislator Wink, seconded by Legislator Dunne.
12	E-171 we're going to un-table two of
13	them. 168 was just un-tabled. And now we're un-
14	table 171.
15	All those in favor of un-tabling E-171
16	signify by saying aye.
17	(Aye.)
18	They both have to do with the West Shore
19	Road reconstruction.
20	I have to call B-30.
21	Motion to call B-30?
22	LEGISLATOR DUNNE: So moved.
23	LEGISLATOR KOPEL: Second.
24	CHAIRWOMAN GONSALVES: Moved by
25	Legislator Dunne, seconded by Legislator Kopel.

2 Okay. Commissioner.

COMMISSIONER SHAH: The contract you want to hear is B-30. That's A.L.A.C. I assume, right?

CHAIRWOMAN GONSALVES: Yeah.

COMMISSIONER SHAH: Is that the A.L.A.C. contract you're looking at?

The A.L.A.C. contract is for the reconstruction of the first phase of West Shore Road. As we know, the project was impacted severely by Hurricane Sandy, closing the road to any kind of traffic at this point. Phase 1 will include a section from Cleft Road North, about 2,000 linear feet. The construction time period we anticipate for this project has been reduced to nine months, closing the road to all traffic, except for emergency vehicle, delivery vehicles, and residents who live in the area. The duration went from 18 months to approximately nine months now for completion.

The other areas that will be addressed in this contract will include those areas impacted by Sandy. So those are in phases 2 and 3 of the project we'll include into phased 1 to make the

Rules Committee - 11-20-12

road safe for travel. So those will be included into phase 1. We will seek reimbursement for all parts of West Shore Road that were impacted by the hurricane.

CHAIRWOMAN GONSALVES: Any questions?

LEGISLATOR DUNNE: Just one question,
through the Chair.

CHAIRWOMAN GONSALVES: Okay. Legislator Dunne.

Hi. We were going LEGISLATOR DUNNE: to do West Shore Road. Originally we had it in the plans and we already had a major discussion on redoing it. Now, had we redone it -- you had mentioned a couple weeks ago, a few days ago probably, that the road was devastated. Up to the yellow lines in the middle has been washed away. Your description was pretty good. slightly in my mind what you were talking about. But I actually saw it, it's devastating. That is really, really bad. My question is this. Had we acted immediately in the past and fixed that road and then the storm came we would be facing the same problem with that road, probably, right, or no?

24

25

COMMISSIONER SHAH: The damage by the

Hurricane on a road that was reconstructed, I

really couldn't tell you what that would have

been.

LEGISLATOR DUNNE: Okay. I think we --LEGISLATOR JACOBS: Legislator Dunne, let me tell you something. This road, both myself and Legislator DeRiggi-Whitton, it happens to be in her district because Bayville is her district, but my district is Oyster Bay, which connects to West Shore Road to get to Bayville. This has been something we've been clamoring for for a few years now. The fact that this collapsed shouldn't come as a great shock, because the seawall had literally been washed away already. It probably should have just been closed, period. So the delay definitely has an effect. I can't say what Sandy would or wouldn't have done if it had been done. But I'm telling you it would have been a normal road. This was not a normal road to begin with. So the delay went into a lot of that.

LEGISLATOR WINK: Madam Chair, if I may.

LEGISLATOR JACOBS: You didn't save

REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 11-20-12
2	money; you could have cost lives.
3	LEGISLATOR WINK: Let's be clear. Let's
4	be clear. We should not be clapping ourselves on
5	the back for the fact that we didn't act on this
6	for so long.
7	CHAIRWOMAN GONSALVES: Hold on.
8	LEGISLATOR DUNNE: I'm just saying it's
9	
10	CHAIRWOMAN GONSALVES: No, no. Just
11	stop.
12	LEGISLATOR KOPEL: There was a question
13	as to ownership of the property.
14	CHAIRWOMAN GONSALVES: Hold on.
15	LEGISLATOR KOPEL: There was never
16	CHAIRWOMAN GONSALVES: Legislator Dunne,
17	did you relinquish the floor to anybody?
18	LEGISLATOR DUNNE: I'm finished with my
19	questions.
20	CHAIRWOMAN GONSALVES: Guess what?
21	Legislator Jacobs, have you relinquished the
22	floor to anybody?
23	LEGISLATOR JACOBS: Have I relinquished
24	it? No. I don't even want the floor anymore.
25	CHAIRWOMAN GONSALVES: Legislator Kopel,

Rules Committee - 11-20-12 you have a comment, please.

24

25

that.

LEGISLATOR KOPEL: Yeah. I really think that we ought to get passed this kind of finger pointing, it's foolish. It's an important project, we agree.

There was a while when whether or not it was -- it ultimately proved to be the case, there were some doubts as to the ownership of certain property. There were some doubts that were raised, legal doubts, and they seemed to have resolved those doubts and now it's getting done. It was really to get done a few weeks ago. it's a good thing. And we're all on the same page. We can fight about it or we can be happy.

LEGISLATOR JACOBS: I just asked the chair -- let me just have the floor for a minute. I would just drop it. This has been a county road from time memorial. So in the fact that in one meeting it was decided it may not be a county road, I don't think at this point in time --LEGISLATOR KOPEL: We did not decide

LEGISLATOR JACOBS: It's not worth discussing. Let's just do it.

1	Rules Committee - 11-20-12
2	LEGISLATOR KOPEL: Norma, I would never
3	fight with Judy.
4	CHAIRWOMAN GONSALVES: All those in
5	favor of Item B-30 please indicate by saying aye.
6	(Aye.)
7	And E-168 and E-171. All those in favor
8	of the three items indicate by saying aye.
9	(Aye.)
10	Any opposed?
11	(No verbal response.)
12	Okay.
13	We have another item that we're going to
14	un-table, and that's E-129, Tweemyjobs.com. It's
15	an item that has been forwarded by the
16	administration, so I need a motion, please.
17	Motion to un-table, please?
18	LEGISLATOR DUNNE: So moved.
19	LEGISLATOR KOPEL: Second.
20	CHAIRWOMAN GONSALVES: Moved by
21	Legislator Dunne, seconded by Legislator Kopel.
22	All those in favor of un-tabling this
23	item?
24	(Aye.)
25	Everybody's on board with this. To speak

Rules Committee - 11-20-12

on this item is the Deputy County Executive Rob

Walker.

DEPUTY COUNTY EXECUTIVE WALKER: Thank you, Presiding Officer.

This item, going back over the past, unfortunately since Super Storm Sandy, we've seen a tremendous amount of people that are unemployed, businesses that no longer can open, people that had master degrees, several of them that we actually met over this weekend, that have two masters degrees, no longer can find employment because their place of business doesn't exist. The Department of Social Services over a period of time advanced the contract for two reasons, one being that we didn't think the time at that time was appropriate in the midst of talking about budgets and potential, you know, downsizing of government. But now, more than ever, we believe this contract's going to help put residents back into jobs.

Tweetmyjobs has worked in various states.

Very simply put, it will allow us to open up an employment center, where that employment center, every resident from Nassau County can go and

actually find every single job listing that's available. And for those who have not seen tweetmyjobs, it actually was on MSNBC, ABC that they've actually done, in other states, been basically their employment opportunities. For people that have smart phones, which will make smart phones available, you could actually lift

direction, and up on that phone will actually appear all of the jobs that are available in that

your smart phone up in the air, point it in the

area for residents. So if they're driving down a street, they're in a neighborhood walking down,

14 you could actually lift your phone up and they

will actually be able to say where the jobs are,

how they can apply, and who they talk to.

Again, it wasn't advanced at that time because we didn't think it was practical. Right now we actually have it funded by 67 percent -- 65 percent grant funded and the remaining coming from Nassau County. We believe we're also going to seek some federal dollars. The Department of Labor has opened up programs to us to get people back into work after Hurricane Irene. And now they're opening up again that we filed a grant

you?

2 DEPUTY COUNTY EXECUTIVE WALKER: Good.

3 How are you?

LEGISLATOR WINK: So how is this different than monster.com or careerbuilder.com or any other website that has jobs on it?

DEPUTY COUNTY EXECUTIVE WALKER: The one difference I get is I talk about the phones.

It's different from just a normal website. The smart phone capabilities which they have created and having seen the actual experiment and how it works to me is extraordinary. We will make smart phones available. A person can literally walk down the street, hold their phone in the air and it will actually appear on their phone, jobs that are available to them. That's one that other people have not performed.

This was done by a competitive RFP, as well. An RFP went out. And tweetmyjobs, which has worked, again, this has been done in other states, California specifically. Upstate New York is looking at the program as well as some other counties. The one difference again, again is the fact that the database that they developed and how they utilize smart phone interaction is

Rules Committee - 11-20-12 very, very rewarding.

LEGISLATOR WINK: I can appreciate that, I guess. I guess the question I have is why is government paying for this and why isn't private sector paying for this? If they have the jobs and they're listing on tweetmyjobs -- which, by the way, about three minutes ago I typed in tweetmyjobs.com and it still hasn't loaded. So I don't know what the deal is with the site. Then again, it could be our wireless system. Be that as it may.

Most job websites are not paid for by government funds. I'm just trying to figure out why this is something we should be spending money on.

DEPUTY COUNTY EXECUTIVE WALKER: Again, we have been asked or requested in the Department of Social Services, in terms of getting people to work, not just during the storm but pretty much throughout the year. We have various education requirements. We're teaching people different skill sets and things of that nature. We're actively trying to find them employment opportunities. Where this comes in is we have an

1

2

16

17

18

19

20

21

22

23

24

25

opportunities.

opportune time that we believe we want to provide people with the information, the easiest fashion by which to obtain jobs. It's not happening in other places. People are not finding employment. Some people don't even want to leave their homes. So the more information that we can provide them, they're not going knocking on the door and looking to see where job applications are or where there's openings. They're fearful to leave. By which we can provide resources or providing transportation via the Department of Social Services. The more opportunities we provide them, we want to get them to work. On top of it, it actually will save us money. those that are on food stamps and other type of temporary needs, temporary assistance, we want to reduce that. We want to have people removed from the welfare rolls and put back into employment

LEGISLATOR WINK: And I can appreciate all of that. But if they're people who don't want to leave their homes to find a job, how are they walking around with a smart phone then to find close proximity to where these jobs are?

we will actually bet setting up job sites, work, for lack of better words, basically forums for them by which to go into their communities, where they can come in. They will actually set up in their neighborhoods, in their schools by which they can go so they're not leaving for two hours or three hours. They can leave for half an hour, go onto the different databases that they'll actually set up, and it will enable them to actually go out and find employment opportunities.

Here's a difference, too. The small businesses are closed. So many of them have lost their businesses, maybe never to reopen. So they're not out there looking for employment. They're actually out there trying to actually fix their businesses. So we have a twofold problem. We have people that lost their jobs and we have businesses that no longer will provide job opportunities.

So, again, as I said, this contract, the legislature and the county executive, as it went forth, you know, basically stopped it in its

track because we didn't think it's the right time. We now believe it is the right time. People are very scared. People are fearful for what they're going do tomorrow. We believe this is an opportunity for them, and to see if it works.

LEGISLATOR WINK: Rob, again, I agree with all the goals. They are laudable. What I'm trying to understand is if you have a caseworker at DSS who is sitting with a perspective employee of some, why aren't they going on CareerBuilder or monster or something where jobs are listed and walking people through that process as opposed to referring them to a different website that we are paying for.

DEPUTY COUNTY EXECUTIVE WALKER: Most, to be very candid. Most of our caseworkers aren't looking to provide employment opportunities. They really aren't looking to provide employment opportunities. They're helping them get the benefits and things of that nature. Unfortunately, now the flood gates have opened and now you have additional people that really don't have the time. They don't spend a

17

18

19

20

21

22

23

24

25

lot of time doing this. We do more resource, education, and providing them with resume writing skills, and things of that nature. This is going to take it to, we believe at this point in time, a new element.

Would I agree with you? Yes. We didn't think that government would have to pay for something like this. I think for the 35,000 or \$40,000 that we are anticipating as the max cost of this, I think it's a very worthwhile endeavor. Again, at the end of the year if we don't think it's appropriate and it's not working well, they have the ability by which to not renew the contract and go forward.

LEGISLATOR WINK: One detail. In the contract summary it's indicating 100 percent county funded. You're referring to a 65 percent federal reimbursement, but in the contract summary it indicates 100 percent county funded. I'm just thinking if it is, in fact, 100 percent county funded, 111,000 can hire a caseworker to actually sit and go through websites that we're not paying for to help people find jobs.

MR. BRODERICK: Paul Broderick, Deputy

Commissioner, Department of Social Services.

This contract over here, we have a number of contracts that are associated with our employment unit, with various vendors that assist our employment program. This would be encompassed or captured under that. All of those contracts are 65 percent reimbursed under Title 20 funds. This will be managed in the same fashion. It isn't as if there is a grant fund set up, but we get reimbursed 65 percent for this cost.

LEGISLATOR WINK: Okay. So we know that tweenmyjobs.com is reimbursable the same as any other program that we use.

MR. BRODERICK: Right. As Chief Deputy
County Executive Walker had said, what the vision
is is to have an employment resource center.
This is just another resource for -- to bridge
the gap between job seekers and those employers
who are seeking to hire individuals.

One of the benefits of this is that it doesn't cost a business to post a want ad on this site. So it's at no cost to them. That's one of the benefits.

for what business would otherwise pay for in job
listings. A normal classified ad, whoever places
the add pays for it. In this case we're
basically asking businesses to put jobs on here
and then we're paying for it.

MR. BRODERICK: That's correct. Over the last year and a half, DSS, working in collaboration with Minority Affairs, CASA, Office of Community Development, we've had three very successful job fairs; the most recent one was last month or in September. We had over 160 employers that we reached out -- they had to come to -- the forum over at the Cradle of Avaition, with at least three jobs a piece.

Across industries, different kind of skill sets. We had over about 4,000 participants that came there. We realize that 7.2 percent, you have residents that want to work. After this hurricane -- there will be a need for both, employers in different sectors and people that want to go to work.

LEGISLATOR WINK: So these successful job fairs, these were hosted by tweetmyjob.com?

MR. BRODERICK: No, it was not. We're looking at this as another resource.

Similarly, we have many contracts that the county engages with local vendors. We sent out invitations inviting them to come to participate in job fairs. This is going to be a virtual job fair, essentially.

LEGISLATOR WINK: That we're paying for, as opposed to a free job fair.

MR. BRODERICK: Well, our view is a little bit more long term. We're trying to look at the long term benefits of not only people that are receiving public assistance and getting them off of the public assistance rolls, but for any county resident. At the end of the day it increases sales tax, it increases the well being of the neighborhoods. That's what we're envisioning. So it's another resource.

all of that. But you're talking about successful job fairs that the county has held over the past year that didn't involve paying, at a minimum, \$35,000 a year to a website that we haven't used until now. I'm just trying to understand. If

1	Rules Committee - 11-20-12
2	we've had successful job fairs without paying our
3	share, which would be about \$35,000 even with the
4	65 percent reimbursement, why are we now throwing
5	money at this that we've had successful job fairs
б	without?
7	DEPUTY COUNTY EXECUTIVE WALKER: First,
8	I think it's well worthwhile, \$35,000, to be
9	spending to but people back to work. One person
10	comes off the welfare rolls to work, it's worth
11	the \$35,000 right there.
12	Secondly, you have small businesses
13	LEGISLATOR WINK: We could hire somebody
14	for \$35,000 and achieve the same goal.
15	DEPUTY COUNTY EXECUTIVE WALKER: No you
16	can't.
17	LEGISLATOR WINK: If that's the goal.
18	DEPUTY COUNTY EXECUTIVE WALKER: Do you
19	see what our benefit costs are? We're not hiring
20	anybody for \$35,000.
21	LEGISLATOR WINK: You get my point, Rob.
22	DEPUTY COUNTY EXECUTIVE WALKER: I do.
23	I understand.
24	LEGISLATOR WINK: We're not paying any
25	other job service for this. We're inviting

Rules Committee - 11-20-12

people in for free and we're successful with it,

and now we're going to start paying for the same

services.

DEPUTY COUNTY EXECUTIVE WALKER: I wish it was just as simple as bringing somebody on.

You have small businesses that have to pay, many of them have to pay to go on and provide advertisements on Monster and other things.

Depending on what their company and what they have, it costs money. This is an opportunity we believe is appropriate to take at this measure.

Yes, do we wish we didn't have to spend \$35,000 on it and we were getting it for free? I do.

Who wouldn't? We just think at this time it's the right thing to do, put some people to work and try some opportunities.

There's too many people, before the storm and now after the storm, that are unemployed.

You have less and less businesses that are actually going to hire people. Let's provide an avenue by which they can see something through.

LEGISLATOR WINK: Again, all those goals are laudable and I agree with all of them. I understand the welfare of the work concept, and I

Rules Committee - 11-20-12

exactly located. The corporate office is in

California. But they're going to be local, on
the ground here. Again, it's going to be for

Nassau County residents. They're going to put
soldiers on the ground.

I could only say and speak of where it worked, and it's worked in other places.

LEGISLATOR BOSWORTH: Right. In other words, how do the job, people who have jobs available, how do they get to Tweetmyjobs.com?

DEPUTY COUNTY EXECUTIVE WALKER: They build a database. I'll have Commissioner Eisenstein give you a little backdrop on that.

MR. EISENSTEIN: Hi. Ed Eisenstein, IT Commissioner.

They collect the jobs, Tweetmyjobs collects a series of job and they advertise it to people who are interested. It becomes a keyword search in the collection of available jobs.

The big advantage here is that your local pizza shop, local electrician who generally does not advertise the available work he has would be able to advertise this work, be it short term, long term, in this free channel. That's what

makes it unique to Monster, where a business would want to pay for advertising to hire people or pay some kind of fee to post their job. This is a post your job for free. Where it has worked, it has brought a low jobs for lower income people because they haven't generally seen advertisement like this. Where the local pizza shop can say I need somebody for the summer or for a few weeks. And that is the new item that is coming to the table here.

LEGISLATOR BOSWORTH: So the big differentiation really then is that if you're going to -- if perspective employers are going to be on a site they have to pay to do it, and at tweetmyjobs.com they can put on and not have to pay for it.

MR. EISENSTEIN: That is exactly correct. Most businesses will pay \$400 monthly to advertise a job posting on Newsday. This is the same thing at no cost. So we really see an exponential growth out of this advertising, for especially the storm stricken area, to put people to work even if for a week, month or so.

> LEGISLATOR BOSWORTH: That's an

1	Rules Committee - 11-20-12 37
2	important differentiation.
3	MR. EISENSTEIN: Thank you.
4	LEGISLATOR BOSWORTH: Thank you.
5	CHAIRWOMAN GONSALVES: Any other
6	questions?
7	(No verbal response.)
8	There being none. Any public comment?
9	(No verbal response.)
10	All those in favor of the Item 129
11	indicate by saying aye.
12	(Aye.)
13	Any opposed?
14	(Nay.)
15	Five to two no. Six to one. Six in
16	favor, one opposed. It carries.
17	Thank you, Mr. Eisenstein. Thank you,
18	Mr. Broderick.
19	MR. EISENSTEIN: Thank you, Legislator.
20	CHAIRWOMAN GONSALVES: You're welcome.
21	Now we have a series of items.
22	I'm going to ask if it's okay with you
23	that we can block the B item, then, of course,
24	have the appropriate personnel to speak on them.
25	Items B-31-12, B-32-12, B-33-12, B-34-12.

LEGISLATOR DUNNE: So moved.

LEGISLATOR KOPEL: Second.

CHAIRWOMAN GONSALVES: Moved by Legislator Dunne, seconded by Legislator Kopel.

Who is here to talk on these items?

Shila, are you coming? Do you want to ask questions on anyone of these in particular or you can just briefly summarize what these are about. How about doing that, Shila, and then if there are questions they can ask you.

COMMISSIONER SHAH: Sure. The four contracts that you mentioned are with Eldor, Entech, Laser, and Pollicico. I'm sorry. Eldor, Entech, Pollicico, and RJ Industries. They are contractors who assisted us from the very first day at the Bay Park Treatment Plant. The emergency contract covers items such as electrical work, work at the collection systems, supply and installation of pumps, and all types of general construction work at Bay Park, as well as working on each part of the process as needed to assess the process that went from the grit tanks to the primary cetaleen tanks. We needed to drain the tanks and inspect them, bring them

2 | important and we realize they're reimbursable.

But you may want to amend these to state that an

4 extension period must come back to the

5 | legislature to extend the contract term. In

6 other words, we need you to tell us when you

7 | extend it and the update of the status of the

8 | item. Because the way it is right now, it

9 doesn't seem to be in here, it's not clear what

10 | will happen. When is its closing date? And if

11 | there is none, we should have an idea of how it's

12 | going along.

COMMISSIONER SHAH: Well, a lot of this work was for the temporary and emergency work that needed to be done from the first day and will continue on to the end of the year.

However, permanent work and mitigation measures that we're going to implement at Bay Park that

19 has to be big out. This contract is not going to

20 be utilized for permanent mitigation measures.

LEGISLATOR JACOBS:

end with then is that we only ask that if you do

The only thing I'd

23 | extend these particular four contracts, I would

only -- am I correct? I would only ask that if

25 | you do extend these particular four contracts

electrical components that still need to be evaluated. Are you asking me to give you the update now or do you want me to come back?

24

25

COMMISSIONER SHAH: We can do that.

LEGISLATOR JACOBS: Okay. Thank you.

CHAIRWOMAN GONSALVES: Any other

23

24

25

1	1
1	Rules Committee - 11-20-12 43
2	questions?
3	(No verbal response.)
4	There being none. All those in favor of
5	these items please indicate by saying aye.
6	(Aye.)
7	Any opposed?
8	(No verbal response.)
9	The items pass unanimously.
10	Now we have the A contracts here, the A
11	items, contracts. I don't know if you would like
12	to call them in bulk. Okay. With your
13	permission, we're doing it.
14	A-42-12, A-42B-12, A-42C-12, A42D-12,
15	A42E-12, A42F-12, A-42G-12, A-42H-12, A-42I-12,
16	A-42J-12, A-42K-12, A A-42L-12, A-42M-12, A42N-
17	12.
18	Motion, please?
19	LEGISLATOR DUNNE: So moved.
20	LEGISLATOR KOPEL: Second.
21	CHAIRWOMAN GONSALVES: Moved by
22	Legislator Dunne, seconded by Legislator Kopel.
23	Who is here to speak on these items?
24	COMMISSIONER INTAGLIATA: Hi. Good
25	afternoon. Commissioner Intagliata, Shared

1	Rules Committee - 11-20-12 44
2	Services.
3	CHAIRWOMAN GONSALVES: Okay. Welcome.
4	COMMISSIONER INTAGLIATA: These were
5	purchases for Super Storm Sandy that exceeded
6	\$100,000 and we need you to ratify. According to
7	Charter Number 103-8B, these were made under the
8	emergency procurement provisions and they are
9	listed before you.
10	CHAIRWOMAN GONSALVES: Again, I would
11	assume since they're related to Super Storm Sandy
12	that they are reimbursable.
13	COMMISSIONER INTAGLIATA: Yes, they are.
14	They are FEMA reimbursable.
15	CHAIRWOMAN GONSALVES: Any questions of
16	Mr. Intagliata?
17	(No verbal response.)
18	Anybody?
19	(No verbal response.)
20	Wow. No questions.
21	LEGISLATOR JACOBS: How do you like
22	that?
23	CHAIRWOMAN GONSALVES: That's super
24	dooper.
25	All those in favor of these items signify

1	Rules Committee - 11-20-12 45
2	by saying aye.
3	(Aye.)
4	Any opposed?
5	(No verbal response.)
6	We're not finished. We have one item. I
7	know we're not going to end on a high note.
8	You're just in time, but you're not on this
9	committee anyway.
10	We're going to call 687-12, which is the
11	bond ordinance for 165 regarding the ordinance
12	that we had discussed yesterday.
13	LEGISLATOR DUNNE: So moved.
14	LEGISLATOR KOPEL: Second.
15	CHAIRWOMAN GONSALVES: We have a motion
16	by Legislator Kopel, seconded by Legislator
17	Kopel.
18	Any discussion?
19	(No verbal response.)
20	Any comments regarding this?
21	(No verbal response.)
22	If not, all those in favor signify by
23	saying aye.
24	(Aye.)
25	Those against or opposed?

1	Rules Committee - 11-20-12 46
2	(Nay.)
3	So we've got four to three regarding the
4	bond ordinance 687-12.
5	It does pass and we will pass it on to
6	the Full Leg at the appropriate time.
7	First of all, I say thank you to all of
8	you who have been really patient out there,
9	sitting there and waiting until we get our ducks
10	in a row here. I believe the Minority is here
11	and we are ready to go back to the items of the
12	capital plan and the capital budget. We did
13	finish the Rules.
14	We need to adjourn the Rules.
15	LEGISLATOR DUNNE: So moved.
16	LEGISLATOR MUSCARELLA: Second.
17	CHAIRWOMAN GONSALVES: All those in
18	favor of adjourning the Rules Committee signify
19	by saying aye.
20	(Aye.)
21	Okay. Any opposed?
22	(No verbal response.)
23	The motion to adjourn carries
24	unanimously.
25	Thank you.
