1	Rules Committee - 5-7-12 7
2	Patrick Frank. I work in the electronics shop.
3	The request for that new sound system, it's of
4	utmost importance. The system we have at that
5	stadium is to the point it cannot be repaired.
6	Time and time again, the bigger the events are,
7	the quality of the sound is of great importance,
8	considering the amount of people we have at the
9	stadium.
10	As far as progress with anything else in
11	the county, I think it would be a good idea to
12	improve this and put it through.
13	CHAIRMAN SCHMITT: When you say stadium,
14	what is that?
15	MR. FRANK: Mitchel Park Athletic
16	Complex.
17	CHAIRMAN SCHMITT: Okay. Anybody have
18	any questions?

2	contract.
3	MR. BRODERICK: Good afternoon. Paul
4	Broderick, Deputy Commissioner, Department of
5	Social Services.
б	MR. SKRYNECKI: Scott Skrynecki,
7	Director of Investigations, Social Services.
8	CHAIRMAN SCHMITT: Welcome, gentlemen.
9	You heard the question. Do you have an answer?
10	MR. SKRYNECKI: The term has passed us.
11	We've been in contract negotiations with the
12	corporation for approximately 18 months in order
13	to settle that up. So this will cover the
14	contract term for 2010. Most importantly, we
15	need that in order to complete an agreement with
16	the Department of Health, State Department of
17	Health, so that the corporation has access to
18	Medicaid data. We use the software to mind that
19	data for fraud protection.
20	LEGISLATOR JACOBS: So this contract is
21	going forward or?
22	MR. SKRYNECKI: It will go forward. But
23	the current term will be for 2010. As we
24	continue with the program, we will contract with
25	them going forward, also.

REGAL REPORTING SERVICES 516-747-7353

Rules Committee - 5-7-12 1 18 LEGISLATOR JACOBS: So we'll see 2 probably an amendment to this. 3 4 MR. SKRYNECKI: Yes, ma'am. 5 MR. BRODERICK: Exactly. What had 6 happened was the contractor, they do data mining 7 for the department for investigations, and they were changing around a paradigm of how they did 8 9 business. It took approximately 18 months to get 10 them to the table to do business with us. LEGISLATOR JACOBS: Okay. Thank you. 11 12 CHAIRMAN SCHMITT: Anybody else? 13 (No verbal response.) Any public comment? 14 15 (No verbal response.) 16 All those in favor please say aye. 17 (Aye.) 18 Any opposed? 19 (No verbal response.) 20 The item carries unanimously. 21 E-106 is between the Health Department 22 and Proact Drug Discount Card Program. It's a 23 program at no cost to the county. 24 May I have a motion, please? 25 LEGISLATOR WALKER: So moved. REGAL REPORTING SERVICES

Rules Committee - 5-7-12 19 1 LEGISLATOR NICOLELLO: Second. 2 CHAIRMAN SCHMITT: Moved by Legislator 3 4 Walker, seconded by Legislator Nicolello. 5 Any debate or discussion? 6 (No verbal response.) 7 Any public comment? 8 (No verbal response.) 9 All those in favor please say aye. 10 (Aye.) 11 Any opposed? 12 (No verbal response.) 13 The item carries unanimously. I'm going to call Items 107, 118, 119, 14 121, and 123 together. 15 16 107 is between IT and Contemporary 17 Computer Services. 18 118 is between IT and SVAM International. 119 is between IT and RCG Information 19 20 Technology. 121 is between IT and INFOSYS 21 International, Inc. 22 123 is between IT and Bicitis Group, Inc. 23 24 May I have a motion, please? 25 LEGISLATOR WALKER: So moved. REGAL REPORTING SERVICES

Rules Committee - 5-7-12 20 1 LEGISLATOR NICOLELLO: Second. 2 CHAIRMAN SCHMITT: Moved by Legislator 3 4 Walker, seconded by Legislator Nicolello. 5 Is there any debate or discussion? Yes. 6 Mr. Eisenstein. 7 MR. EISENSTEIN: Hello members of the 8 legislature. How are you? 9 These are supplemental staffing 10 contracts, as you have well been aware of for many years, that allow me to bring in specialists 11 12 for emergencies and upgrades. 13 CHAIRMAN SCHMITT: So how many people are we talking about that you bring in? 14 15 MR. EISENSTEIN: Currently, there's only 16 two supplemental staffers that we're working with. 17 18 CHAIRMAN SCHMITT: We have five --19 MR. EISENSTEIN: We have five vendors; 20 currently, only two physical engineers from those 21 vendors are present in our staff. CHAIRMAN SCHMITT: Where is the money 22 23 coming from? 24 MR. EISENSTEIN: Supplemental staffing 25 contract. Would you like the contract ID REGAL REPORTING SERVICES

2	numbers?
3	CHAIRMAN SCHMITT: No. Where is the
4	money coming from? Is it coming out of the money
5	that's in IT's budget?
6	MR. EISENSTEIN: Yes, it is.
7	CHAIRMAN SCHMITT: So, if you only have
8	two
9	MR. EISENSTEIN: Yes.
10	CHAIRMAN SCHMITT: There should be
11	plenty of money leftover at the end of the year.
12	MR. EISENSTEIN: Yes. In September 2011,
13	over \$800,000 was pulled out of that out of
14	that area. We're looking to replenish some of
15	that. We were pretty much stripped of our funds.
16	And we need to bring in some specialists on
17	occasion, and that's what we're asking for.
18	CHAIRMAN SCHMITT: So where's the money
19	coming from?
20	MR. EISENSTEIN: Where is the money
21	coming from?
22	CHAIRMAN SCHMITT: If they took away
23	if all the money was taken out
24	MR. EISENSTEIN: Yes.
25	CHAIRMAN SCHMITT: Where is this money
	REGAL REPORTING SERVICES 516-747-7353

2	coming from that you're looking to put back in?
3	MR. EISENSTEIN: I'll have to find out.
4	I'm not sure what you're asking, where's the
5	money coming from.
б	CHAIRMAN SCHMITT: You don't know. You
7	just said you had no money.
8	MR. EISENSTEIN: Right. The money was
9	taken out of our budget during the last cuts.
10	CHAIRMAN SCHMITT: So where is this
11	money coming from?
12	MR. EISENSTEIN: I'll find out. I do
13	not know.
14	LEGISLATOR JACOBS: How could it be here
15	before us? Excuse me, Mr. Chairman.
16	CHAIRMAN SCHMITT: Go right ahead.
17	LEGISLATOR JACOBS: I don't understand,
18	Mr. Eisenstein. How could it be here before us
19	if you're not even aware where the money is
20	coming from?
21	MR. EISENSTEIN: Well, the money was put
22	in previous from the contract, from years before.
23	The money was taken out during the last cuts, so
24	we're asking for that to come back out of the
25	budget, to put that back in the budget.
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 23 CHAIRMAN SCHMITT: No, no, no, no. 2 All 3 due respect, no, no, no. 4 LEGISLATOR JACOBS: I don't think that's 5 going to work. 6 CHAIRMAN SCHMITT: If we approve a 7 contract between IT and this Bicitis Corporation, it says \$100,000. Where is that money coming 8 9 from? 10 MR. EISENSTEIN: Some of that money is in our operational fund; the rest is coming out 11 12 of capital funds. 13 CHAIRMAN SCHMITT: The rest is coming out of capital funds. 14 15 MR. EISENSTEIN: Yes. 16 CHAIRMAN SCHMITT: Those capital funds -17 - has that expenditure been approved by NIFA? 18 MR. EISENSTEIN: That expense has been 19 approved. 20 CHAIRMAN SCHMITT: Anybody else have any 21 questions? Legislator Abrahams. LEGISLATOR ABRAHAMS: Just a quick 22 23 question. If we were not to provide a yes vote 24 to this contract or it passed today, what would 25 happen with the services that these supplemental REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 24
2	employees are coming on to do?
3	MR. EISENSTEIN: Thank you for asking
4	me, because that's kind of critical. We use
5	these employees only when we have big upgrades
6	and emergencies we're dealing with. We may hit a
7	wall and we need a specialist to come in. I
8	wanted to say that because these contracts are
9	being used properly, only in those cases. They
10	are really meant for short-term emergencies and
11	upgrades, and that's exactly how we're using
12	them.
13	LEGISLATOR ABRAHAMS: I see. Thank you.
14	MR. EISENSTEIN: Thank you.
15	CHAIRMAN SCHMITT: What does it cost to
16	bring somebody in?
17	MR. EISENSTEIN: It ranges. Some
18	between 50 and 150,000, depending on the service
19	we may need. Again, that's short term, under a
20	year.
21	CHAIRMAN SCHMITT: So you bring somebody
22	in and they're here for almost a year.
23	MR. EISENSTEIN: Yeah. In the past, I
24	think that they've been here longer. We've made
25	a concert effort to make it a short-term thing,
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 25
2	and always bring in people that they teach, so we
3	can pick up where they left off.
4	CHAIRMAN SCHMITT: Anybody else?
5	(No verbal response.)
6	Any public comment?
7	(No verbal response.)
8	All those in favor please say aye.
9	(Aye.)
10	Any opposed?
11	(No verbal response.)
12	The items carry unanimously.
13	Thank you.
14	MR. EISENSTEIN: Thank you.
15	CHAIRMAN SCHMITT: E-109, a contract
16	between OMB and Nassau Health Care Corporation.
17	May I have a motion, please?
18	LEGISLATOR WALKER: So moved.
19	LEGISLATOR NICOLELLO: Second.

1	Rules Committee - 5-7-12 28
2	Would you tell us what this is?
3	MR. EISENSTEIN: Thank you, Legislature.
4	This is the database driven website. The
5	existing website is many years old, and each of
6	the 16,000 pages have to be individually coded.
7	This allows us to bring that forward. This is an
8	idea that's been in motion from even before Ed
9	Mangano was here. And this will make a revamp of
10	the website that is unfortunately quite necessary
11	now based on the old technology that the existing
12	site is in.
13	CHAIRMAN SCHMITT: Why is it necessary
14	now?
15	MR. EISENSTEIN: There are so much data
16	in that site that requires an update. It's
17	really at a lost sometimes, the amount of data
18	that's there.
19	CHAIRMAN SCHMITT: Why does it require
20	an update?
21	MR. EISENSTEIN: It will allow us to
22	have all the data put into easier to reach.
23	People will be able to use the site better. It
24	will help the residents of Nassau County navigate
25	through our services in a significantly improved
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 29
2	manner.
3	CHAIRMAN SCHMITT: I understand that it
4	might be a nice thing to have, and it might make
5	the site better than it is. But the site, the
б	way it is, as far as I can see, is doing its job.
7	And this is \$100,000.
8	MR. EISENSTEIN: I will say that on the
9	service it looks like it's all working nicely.
10	Under the hood that engine needs a revamp.
11	There's quite a bit of data that
12	CHAIRMAN SCHMITT: So why don't you
13	bring in one of these supplemental staff and let
14	them do it?
15	MR. EISENSTEIN: This particular vendor
16	is a specialist in our industry. We felt that
17	that was significantly better, more cost
18	effective than having a contractor do it on a
19	supplemental staff basis.
20	CHAIRMAN SCHMITT: Explain that to me.
21	MR. EISENSTEIN: This particular vendor
22	has experience in the county industry. They've
23	worked with a lot of government agencies and have
24	that expertise. We have to do less thinking.
25	It's the easiest way to approach a database
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 30
2	driven website, to organize the data.
3	CHAIRMAN SCHMITT: But, you're dancing
4	around the issue of I understand and I'll
5	concede to you that it is a very nice thing and
б	it is probably something that eventually has to
7	be done.
8	MR. EISENSTEIN: Yes.
9	CHAIRMAN SCHMITT: I'm trying to decide
10	or trying to get you to give us information
11	necessary to decide if it's worth spending
12	\$100,000 now. We're laying people off. We have
13	a terrible deficit to fill. We're not raising
14	taxes. So, \$100,000 is \$100,000. So if we don't
15	do this now, can we do it next year?
16	MR. EISENSTEIN: I just please want to
17	urge or consider the fact that organizing that
18	data now will be a big help to the county people,
19	as well as us, as we present this data to the
20	people of the county, especially now when there's
21	so much data being asked to be moved around.
22	It's become somewhat of a critical point, to
23	present that data in a database way so we can
24	organize it for ourselves as well as the people
25	of the county. I think that it will make a

REGAL REPORTING SERVICES 516-747-7353

1 Rules Committee - 5-7-12 significant difference in the next few months to 2 have that data organized in a fashion where that 3 4 could be controlled. 5 There are some issues that come up --6 CHAIRMAN SCHMITT: I've got to be honest 7 with you, Commissioner. It's not convincing me, 8 in a sense that the next month is going to be 9 critical in this county. You read the 10 newspapers. You know what's going on. There's a dispute going on between the Minority and the 11 12 Majority relative to the passing of tax 13 certiorari settlements. LEGISLATOR ABRAHAMS: There is? 14 15 CHAIRMAN SCHMITT: Yes, there is. You 16 don't read our beloved newspaper every day. 17 The point being, if that bonding is not 18 approved, we're going to go into almost a spasm, 19 a very severe budget cuts and stopping if 20 contracts, stopping of programs, possibly 21 furloughs, and you name it. It's bad. This is \$100,000. 22 MR. EISENSTEIN: Consider your message 23 24 will be received that much stronger, having that 25 site present that data better. Consider that our REGAL REPORTING SERVICES

516-747-7353

1	Rules Committee - 5-7-12 32
2	message to the people will be stronger.
3	CHAIRMAN SCHMITT: I'm sorry? Would you
4	say that again?
5	MR. EISENSTEIN: Consider that your very
6	message that you just said to me is the very
7	message that will be received better by those
8	very people jumping on the site daily. The
9	amount of people that have jumped on Nassau now
10	and are using the online services is staggering.
11	People want to receive our news in that way.
12	Consider that your very message will be better
13	received through this newer technology.
14	CHAIRMAN SCHMITT: But its \$100,000.
15	Why can't you get a group in from the College and
16	make it a project? I just don't I just don't
17	believe it.
18	Legislator Kopel.
19	LEGISLATOR KOPEL: Will it save any
20	money now?
21	MR. EISENSTEIN: I believe its saving
22	quite a bit of money.
23	LEGISLATOR KOPEL: How?
24	MR. EISENSTEIN: Because it won't take
25	the staff members to make the updates to the site
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 33 the way it's working now. 2 LEGISLATOR KOPEL: In other words, what 3 4 you're using is current staff members. 5 MR. EISENSTEIN: I'm using current staff 6 members --7 LEGISLATOR KOPEL: They are getting it 8 done, though. 9 MR. EISENSTEIN: They are getting it 10 done. It takes quite a bit of work. Because each site --11 LEGISLATOR KOPEL: So how would it save 12 13 money now? MR. EISENSTEIN: By requiring half of 14 15 the staff to do the updates and the changes that 16 are manually made now. LEGISLATOR KOPEL: So you mean you can 17 18 get along with less staff if you did this 19 contract? 20 MR. EISENSTEIN: I would use that staff 21 on other projects. So, yes, there would be less staff used for this --22 23 LEGISLATOR KOPEL: Less staff for this -24 25 MR. EISENSTEIN: and I would use them REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 34 2 for other projects. LEGISLATOR KOPEL: Got it. Okay. 3 4 CHAIRMAN SCHMITT: Legislator Nicolello. 5 LEGISLATOR NICOLELLO: You've been using 6 a little bit of IT speak when you've been 7 describing this. MR. EISENSTEIN: I apologize. 8 9 LEGISLATOR NICOLELLO: No, that's quite 10 all right. That's your chosen field. In terms of your average resident that 11 goes on to the website. What benefit is that 12 13 average resident going to get from this? MR. EISENSTEIN: Sure. Just to speak 14 15 about Nassau now, residents are taking pictures 16 of road situations, uploading them to the Nassau 17 Now site, and they're getting some reaction out 18 of it. People are already engaged in the county. 19 And we have seen live interaction with 20 constituent affairs and those residents. LEGISLATOR NICOLELLO: What I'm asking, 21 22 though, is with respect to this contract and then 23 whatever upgrades are going to take place as a 24 part of this contract, what improvements are the 25 residents going to see?

1	Rules Committee - 5-7-12 35
2	MR. EISENSTEIN: The residents are going
3	to see an improved communication in a faster
4	manner.
5	LEGISLATOR NICOLELLO: Okay. I
6	understand faster. So, what are you trying to
7	tell me? Does that mean the county is going to
8	get back to our residents faster? Does that mean
9	they're going to see pages pop up quicker on
10	their screen?
11	MR. EISENSTEIN: Clearly, part of this
12	website upgrade is the payment sites and all of
13	the items that go along with that site. So,
14	currently people are paying for traffic tickets
15	on the site. They have other business they do
16	with the site. All of that traffic, all of those
17	services will be significantly improved with
18	this. That is the point of improving the site,
19	of adding these services, to have them pay
20	tickets, to have them have more interactions with
21	the county
22	LEGISLATOR NICOLELLO: You're still
23	speaking in generalities. How are they going to
24	be improved? What is the improvement?
25	MR. EISENSTEIN: So, for example, the
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 36 Nassaunow site, where they can send pictures in -2 3 4 LEGISLATOR NICOLELLO: Right. 5 MR. EISENSTEIN: where they can pay their 6 parking tickets, maybe their traffic tickets 7 later on. Things like that. LEGISLATOR NICOLELLO: Can they do that 8 9 now? 10 MR. EISENSTEIN: Partially. They can 11 pay parking tickets but can't pay traffic. So 12 this database-driven website brings this 13 technology forward. LEGISLATOR NICOLELLO: 14 Thank you. 15 CHAIRMAN SCHMITT: Legislator Jacobs. 16 LEGISLATOR JACOBS: Some of my questions have been answered, but I'm still a little 17 18 confused. 19 MR. EISENSTEIN: Yes. 20 LEGISLATOR JACOBS: Is this to help with 21 mailing? Is this something that would be helpful 22 when you're doing a mailing, getting a mailing 23 out? 24 MR. EISENSTEIN: Absolutely. Compared 25 to mailing, something that goes alongside. When REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 37
2	you send out that mailer, people can then
3	register with their e-mail and get ongoing
4	messages back and forth. So it helps with that
5	mailer because it interacts with an e-mail
6	address now. We have a live communication to
7	residents on a regular basis, which was one of
8	the initial things with Nassau Now, as well, was
9	to have a continuous conversation, with what the
10	county is doing, with that resident.
11	LEGISLATOR JACOBS: I guess we're all
12	stuck on the same thing; we're in a fiscal crisis
13	right now. We have a lot of things up in the air
14	around here. And, all of a sudden, we're
15	improving IT, which I, believe it or not, have
16	come to respect and understand somewhat. But I
17	do know it is important to give out information
18	and to bring in information. I just want it to
19	be I want it to be said here, what
20	information.
21	I know you're saying paying tickets.
22	You're also saying it helps with mailings.
23	MR. EISENSTEIN: The entire website
24	describes all of our departments. It describes
25	all the business we do. How people can come to
	REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 38 certain departments, with phone numbers given 2 out. Certain payment systems are on there. 3 It's 4 a large pot of services that are all in one piece 5 here. 6 Unfortunately, the website, the way it 7 is, is just a big mush of data. We're looking to 8 organize it so we can serve those people better, 9 deliver your message better, have those online 10 payment systems react quicker; that is the whole basis of this upgrade. 11 12 I couldn't do it in-house with the people 13 we've hired or plan to hire, because this particular vendor -- we went out, found a vendor 14 15 who has specific industry knowledge of how it 16 works in government. Those internet channels are 17 a little different in private business than they 18 are in government. And this particular vendor 19 has nailed it. They do a good job on that. 20 We've also looked at doing this with 21 programmers in-house or supplemental staff. We 22 found that it was significantly more cost effective to work with a vendor who has a 23 24 finished product. 25 I just want to also say that we've made a REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 39
2	concerted effort to hire people in-house. I have
3	hired eight ITs. We're about to hire eight more
4	programmers. The IT department is doing a very
5	good job in replenishing the existing staff. And
6	I think that we're using the supplemental
7	staffing contract and all vendors in the
8	appropriate way, where I absolutely need to. And
9	I think I've shown that by hiring those people,
10	removing some of those contractors, and doing it
11	again in the next couple of weeks.
12	LEGISLATOR JACOBS: It's just difficult
13	for me to absorb that we're laying people off in
14	other departments, and maybe here. I don't know.
15	You said you were cutback also.
16	MR. EISENSTEIN: We were cut back.
17	LEGISLATOR JACOBS: Okay.
18	MR. EISENSTEIN: But we were able to add
19	staff behind it. So we had three layoffs, but
20	they did allow me to hire eight IT aides to
21	remove certain vendors.
22	CHAIRMAN SCHMITT: I'd like to make a
23	suggestion.
24	MR. EISENSTEIN: Yes.
25	CHAIRMAN SCHMITT: I think we should

2	table this. And I would ask you, Commissioner,
3	if you could develop a memo that would answer, as
4	best you can, all of our questions on this. To
5	focus in on the fact, as Mrs. Jacobs just said,
6	that we're in a fiscal crisis and we're cutting
7	and heaving things over the side, and make the
8	justification to spend \$100,000, which I don't
9	think as of right now has been made, and we can
10	take it up at our next meeting.
11	MR. EISENSTEIN: Okay. Thank you very
12	much.
13	CHAIRMAN SCHMITT: I'll make a motion to
14	table.
15	LEGISLATOR JACOBS: I'll second it.
16	CHAIRMAN SCHMITT: Seconded by
17	Legislator Jacobs.
18	All those in favor of tabling please say
19	aye.
20	(Aye.)
21	The item is tabled.
22	Thank you.
23	MR. EISENSTEIN: Thank you very much.
24	CHAIRMAN SCHMITT: E-113 is a contract

6	Walker, seconded by Legislator Nicolello.
7	Any debate or discussion?
8	(No verbal response.)
9	Any public comment?
10	I'm sorry. Legislator Kopel.
11	LEGISLATOR KOPEL: This is a contract
12	for new examination for police officers and
13	promotions. Are we planning on having any of
14	those in the very near future? Are we planning
15	of having any new police officers and promotions?
16	SERGEANT STEPHANOFF: Well, the list,
17	the current list that we can hire off of expires
18	April 2013. If we give a test this year, we're
19	still under the consent decree with the Justice
20	Department. So we have to get the list
21	established through them as well. If we give a
22	test the end of this year, we'll be able to get
23	it out so that we have a test when this current
24	one expires.
25	LEGISLATOR KOPEL: What I'm asking is
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 are we hiring -- are we, in fact, hiring new 2 3 people? SERGEANT STEPHANOFF: The way -- with 4 5 our consolidations and the past incentive, our 6 numbers have gone down. We're probably at the 7 point where if we lose more people, we probably 8 will have to hire. 9 CHAIRMAN SCHMITT: Mr. Kopel, I think 10 the point is that without the list they cannot hire. 11 LEGISLATOR KOPEL: Understood. And 12 13 what's wrong with the old test? SERGEANT STEPHANOFF: The old test will 14 15 expire in April. It is coming up to its 16 expiration, April 2013. LEGISLATOR KOPEL: And it's the kind of 17 18 test that you can't keep on using? What do you 19 mean by expired? 20 SERGEANT STEPHANOFF: The list -- when 21 the list gets established --22 LEGISLATOR KOPEL: No, no. The test. 23 SERGEANT STEPHANOFF: I'm sorry? What? 24 LEGISLATOR KOPEL: Oh, okay. Fine. 25 This is development of a new test.

REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 43
2	SERGEANT STEPHANOFF: Correct.
3	LEGISLATOR KOPEL: What's wrong with the
4	old test?
5	SERGEANT STEPHANOFF: We're using AON

7	put together the former test, and we're using
8	them again because they also have a good
9	reputation with the Justice Department. So we're
10	going to use
11	LEGISLATOR KOPEL: Is this a written

13	SERGEANT STEPHANOFF: Yes.
14	LEGISLATOR KOPEL: So you've got to have
15	new questions and so forth. Okay. Got it.
16	Thank you.

14	LEGISLATOR WINK: Wait. I apologize. I
15	have a quick question.
16	CHAIRMAN SCHMITT: Legislator Wink.
17	LEGISLATOR WINK: Thank you.
18	With respect to these two items. These
19	are certainly ritzy addresses, if nothing else.
20	Now, I've never been to either one of these
21	locations that I know of, so I don't know what
22	the conditions are there. But the rents seem to
23	be fairly competitive, notwithstanding the fact
24	that they're in Muttowntown Park and Preserve and
25	want not.

1	Rules Committee - 5-7-12 46
2	My question is, are there other
3	responsibilities, besides paying rent, that these
4	tenants will have? Are they doing maintenance
5	work? Are they doing upkeep? Are they doing
6	anything of that nature?
7	MR. EISENSTEIN: These two particular
8	tenants don't have any caretaking
9	responsibilities. These rents were established
10	by Smith and DeGroat, as our management company,
11	using comparable rents. So these are market
12	rents. We feel that the county is getting a good
13	deal with these license fees.
14	LEGISLATOR WINK: Again, I don't know
15	what the conditions are at the site so I can't
16	begin to tell you whether or not it sounds to
17	me like a typical, you know, two bedroom
18	apartment. In parts of Nassau County,
19	particularly on the north shore where this
20	might be far in excess of this number. I'm just
21	trying to get an understanding. Is it because of
22	the existing conditions there or something else?
23	MR. EISENSTEIN: No. These are the
24	rents that for these kinds of units, for these
25	particular kinds of units that would be typically
	PECAL PEDOPTING SERVICES

1	Rules Committee - 5-7-12 47
2	paid. They are in Parks, so the amount of
3	traffic that goes through from the public are
4	also there. These aren't leases. These are
5	license agreements. They are terminable on 30
б	days' notice. So the rights you have are less
7	than you would have under a typical apartment.
8	So taking all that into consideration, these are
9	the license fees that would be reasonable in that
10	situation.
11	LEGISLATOR WINK: Thank you very much.
12	CHAIRMAN SCHMITT: Legislator Jacobs.
13	LEGISLATOR JACOBS: Yes. I just wanted
14	to say one thing to you, correct me if I'm going
15	wrong here.
16	MR. EISENSTEIN: Sure.
17	LEGISLATOR JACOBS: I think when we
18	started to do this a few years ago, this is a
19	good thing, especially when land is sitting there
20	empty. What's good about this is we now have
21	control over who is in these places. Certainly,
22	like you said, a 30 day termination if they're
23	not doing the right thing. But just logically
24	I know the area very well, obviously. I think
25	it's good that someone is on grounds.

1 Rules Committee - 5-7-12 48 MR. EISENSTEIN: It's good in that the 2 units, because somebody is living in them -- if 3 4 you don't live in your house for a year, certain 5 things are not going to get done in your house --6 LEGISLATOR JACOBS: Exactly. 7 MR. EISENSTEIN: and things are going to fall into disrepair. With people living in the 8 9 units, we're making money off of it and we're 10 actually making a lot more money off of this now 11 when we used to, when the property was being 12 managed by Friends of Nassau Heritage. It all 13 contributes to having a better park system, better facilities. It takes a lot of 14 15 responsibility off of the county. It works out 16 financially for us. It's a great deal for us. LEGISLATOR JACOBS: Have we ever tried 17 18 to go higher or are we forced to stay with what 19 the appraiser -- I'm not saying particularly on 20 these two that I want to stop it. But I'm just 21 saying. 22 MR. EISENSTEIN: Whenever a unit becomes 23 available, our managing agent, particularly, does 24 the comps, figures out what we could charge, and 25 then, depending on how many people are interested REGAL REPORTING SERVICES

Rules Committee - 5-7-12 49 1 in that particular unit, it is negotiated to a 2 certain extent. These rents are reviewed 3 4 periodically. If we see that something should be 5 higher, we do raise them. 6 LEGISLATOR JACOBS: Does our management 7 company get a brokerage fee on it? MR. EISENSTEIN: They take 20 percent of 8 9 the management fees -- excuse me, of the license 10 fees that come in, and they do make their own -the contract does allow them to make their own 11 side deal with the licensees that come in for a 12 13 brokerage fee, which is usually one month, which is standard. 14 15 LEGISLATOR JACOBS: So they pay one 16 month upfront in addition to the rental for the 17 property. 18 MR. EISENSTEIN: Right. 19 LEGISLATOR JACOBS: Okay. Thank you. 20 CHAIRMAN SCHMITT: Legislator Nicolello. 21 LEGISLATOR NICOLELLO: You mentioned the Friends of Nassau. LEGISLATOR NICOLELLO: It's a success 11 that we should really be trumpeting it a little 12 13 bit more. MR. LEGISLATOR ABRAHAMS: Thank you, 23 24 Presiding Officer Schmitt. We just wanted to 25 know the nature of the amendment.

1 Rules Committee - 5-7-12 COUNTY ATTORNEY CIAMPOLI: 2 The amendment, I believe, adds money to the contract. 3 4 This contract was to defend primarily in Federal 5 District Court, the reapportionment plan in 2011. 6 LEGISLATOR ABRAHAMS: We're still 7 defending that plan, Mr. Ciampoli? COUNTY ATTORNEY CIAMPOLI: 8 That plan is 9 still live. The case in Federal District Court 10 was administratively closed. In the event the plan becomes active at the conclusion of the 11 reapportionment process before this Legislature 12 13 for 2013, that case can be reopened and restored to the calendar. 14 15 LEGISLATOR ABRAHAMS: So you're saying 16 to this body that that plan is still alive and 17 well today, even though there is a redistricting 18 reapportionment committee that's been assembled? 19 Are they just going to adopt that plan? 20 COUNTY ATTORNEY CIAMPOLI: That's 21 correct. My understanding of the New York State 22 Court of Appeals decision on the plan was that 23 the plan was required by the Chart. It is in place now. Should the commission come up with 24 25 nothing else or decide to adopt that plan, it

> REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 62
2	will become the plan.
3	LEGISLATOR ABRAHAMS: So you mean to
4	tell me that the commission needs to do no work.
5	Doesn't need to do anything?
6	COUNTY ATTORNEY CIAMPOLI: That's their
7	decision, not mine. What the Court of Appeals
8	found was that the Charter called for a plan to
9	be adopted in 2011; it was adopted, it is in
10	place. That plan this contract, as it relates
11	to this contract, that plan was challenged in
12	Federal District Court. The case was
13	administratively closed and can be reopened by
14	counsel for the plaintiffs if, in fact, that is
15	the plan that is ultimately put in place by this
16	legislature.
17	LEGISLATOR ABRAHAMS: Mr. Ciampoli,
18	correct me if I'm wrong, but this sounds like
19	just in case money. It doesn't sound like he's
20	doing any work.
21	COUNTY ATTORNEY CIAMPOLI: There's
22	continuing work to be done. There's going to be
23	a new reapportionment plan.
24	LEGISLATOR ABRAHAMS: But the commission
25	may come up with their own plan.
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 63
2	COUNTY ATTORNEY CIAMPOLI: Excuse me?
3	LEGISLATOR ABRAHAMS: The commission may
4	come up with their own plan, their own map.
5	COUNTY ATTORNEY CIAMPOLI: That's
6	correct. And it may and this legislature may
7	come up with a different plan.
8	LEGISLATOR ABRAHAMS: Wouldn't it be
9	more prudent, let's use the word fiscally
10	prudent, to wait to see what the commission comes
11	up with before we start to give Lewis & Fiore
12	some more money?
13	COUNTY ATTORNEY CIAMPOLI: No, because
14	it is still necessary to advise the commission.
15	There are
16	LEGISLATOR ABRAHAMS: Advise the
17	commission how?
18	COUNTY ATTORNEY CIAMPOLI: There is
19	still a live case out there, number one.
20	LEGISLATOR ABRAHAMS: Please be
21	specific.
22	COUNTY ATTORNEY CIAMPOLI: Number two
23	LEGISLATOR ABRAHAMS: Mr. Ciampoli,
24	please be specific. Advise the commission how?
25	COUNTY ATTORNEY CIAMPOLI: On the
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 64 2 sufficiency of the plan. LEGISLATOR ABRAHAMS: But they may pick 3 4 their own plan. 5 COUNTY ATTORNEY CIAMPOLI: They may. 6 LEGISLATOR ABRAHAMS: Is it my 7 understanding that they are meeting tomorrow? COUNTY ATTORNEY CIAMPOLI: I believe 8 9 that's correct. LEGISLATOR ABRAHAMS: And they may 10 decide to develop their own maps, their own 11 12 lines. They may not go anywhere close to what 13 was developed by yourself and a few other people. COUNTY ATTORNEY CIAMPOLI: That's 14 15 correct. LEGISLATOR ABRAHAMS: In their judgment, 16 17 they may come up with something that may not be 18 challenged in the federal court. Why would we be 19 giving money to Lewis & Fiore for a just in case? 20 COUNTY ATTORNEY CIAMPOLI: We're not 21 giving them money. LEGISLATOR ABRAHAMS: So what are we 22 23 doing today? 24 COUNTY ATTORNEY CIAMPOLI: We are 25 putting money in a contract so that it is there REGAL REPORTING SERVICES 516-747-7353

2	and it is available for
3	LEGISLATOR ABRAHAMS: Same thing.
4	COUNTY ATTORNEY CIAMPOLI: defense, if
5	needed.
6	LEGISLATOR ABRAHAMS: Same thing.
7	Semantics, Mr. Ciampoli. There is no reason to
8	give them money if the commission doesn't decide
9	to go along with those lines. They can totally
10	do something different. They can turn everything
11	upside down. Put District 1 in Great Neck. Put
12	District 16 in Roosevelt. They can do anything
13	they'd like. Why would we be amending a contract
14	and putting money aside for a service that may
15	not even be necessary? I'm just curious.
16	COUNTY ATTORNEY CIAMPOLI: Again, one
17	wants to be prepared for any challenge that may
18	come.
19	LEGISLATOR ABRAHAMS: Mr. Ciampoli, I'm
20	all for being prepared. But I think we can be
21	prepared once we know the commission actually
22	wants to go forward with the map that was created
23	by yourself and a few other people.
24	COUNTY ATTORNEY CIAMPOLI: And we don't
25	know whether the plaintiffs are going to
	REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 66 reactivate that case. And we should not leave 2 the county without counsel to attend to the --3 4 LEGISLATOR ABRAHAMS: Mr. Ciampoli, the 5 plaintiffs, I would think, would wait to see what 6 comes out of this reapportionment commission 7 before they go forward. COUNTY ATTORNEY CIAMPOLI: That's not my 8 9 decision, that's theirs. 10 LEGISLATOR ABRAHAMS: You're right. And that's why we should wait to see what the 11 12 redistricting apportionment committee -- they've 13 been charged with an assignment. Based on our knowledge, once they complete their assignment, 14 if their maps look similar to what you had put 15 16 together, then from our standpoint then we'd have 17 no problem. We would agree with you, to some 18 degree, that Lewis & Fiore should be defending 19 the county. But at this point we think it's 20 unnecessary. It sounds like just in case money. 21 And I would incline my side, as well as the body, 22 to vote no. 23 CHAIRMAN SCHMITT: Mr. Ciampoli, based 24 on the experience -- you weren't here ten years 25 ago when the commission -- when the bipartisan REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 67
2	redistricting commission did its work. But based
3	on what happened last year and based upon what's
4	happening so far this year, it is my conclusion -
5	- and I asked you if you would agree with this or
6	not. It is my conclusion that whatever this
7	legislature does in adopting a map for
8	redistricting, unless it's the map proposed by
9	the minority, we will be sued. Would you agree
10	with that?
11	COUNTY ATTORNEY CIAMPOLI: That is
12	absolutely correct, Presiding Officer.
13	CHAIRMAN SCHMITT: To have Lewis & Fiore
14	on hand ready to mount a defense of the actions
15	of this Legislature, would be a prudent course of
16	action.
17	COUNTY ATTORNEY CIAMPOLI: It is,
18	particularly give the fact that what we have been
19	told by NIFA is that if there is no money left in
20	the contract, attorneys should not be working.
21	Attorneys, to my experience, don't work for
22	nothing. So it is prudent to put this money
23	there so we are ready to go when a challenger
24	says go and brings a challenge.
25	LEGISLATOR ABRAHAMS: If I may finish,
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 2 Presiding Officer Schmitt. There is nothing to work on. There is nothing there. The commission 3 4 hasn't done anything yet. You want to do this a 5 year in advance, from when the commission has any 6 opportunity to propose a map. To me, it just 7 seems ridiculous that we would be amending and 8 doing this with a contract, an agreement, when 9 there is nothing there. What exactly is the 10 commission -- what exactly are they going to be doing between now and the time the commission 11 develops a map for them to warrant additional 12 13 money to their agreement? Explain. COUNTY ATTORNEY CIAMPOLI: Well, the 14 15 commission obviously is going to be producing a 16 product. LEGISLATOR ABRAHAMS: 17 When? 18 COUNTY ATTORNEY CIAMPOLI: That product 19 should be reviewed in real time to see if it has 20 any vulnerabilities of weaknesses that would be 21 manifest in court --22 LEGISLATOR ABRAHAMS: No, no, no. The 23 only weaknesses could be the ones that were identified with the map that you put together in 24 25 the basement with a couple of other people; REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 69
2	that's the only weakness. They could come up
3	with 1,000 different maps and
4	COUNTY ATTORNEY CIAMPOLI: My contention
5	is there really are no weaknesses in that map,
б	but that's neither here nor there.
7	LEGISLATOR ABRAHAMS: I'm sorry. Are
8	you going to tell him not to cut me off?
9	CHAIRMAN SCHMITT: As soon as you stop
10	cutting him off.
11	LEGISLATOR ABRAHAMS: Yeah, okay. So,
12	let me just make sure I understand this
13	correctly. You want them to basically sit there
14	just in case the 999 other possibilities that can
15	happen, where a map would not be challenged in
16	court, we would want to have them just to hang
17	around.
18	COUNTY ATTORNEY CIAMPOLI: There's a
19	legal theory known as <i>res ipsa loquitur</i> . In
20	other words, if a man walks by a building and
21	then a barrel falls and hits him in the head,
22	somebody must have dropped the barrel. Somebody
23	must have created the civil wrong. That theory
24	is very applicable to reapportionment. If there
25	is a reapportionment, someone is going to
	PECAL PEDOPTING SERVICES

i

2	challenge it, someone is going to go to court,
3	and we need to be ready for that.
4	LEGISLATOR ABRAHAMS: No, Mr. Ciampoli.
5	It seems like we need to be ready to hand over a
6	contract to someone that you feel very strongly
7	should deserve a contract when this legislative
8	body is not in a position to hand over any money,
9	especially to highlight the fact that you have
10	been very poignant in pointing out, as well as
11	the majority leader, that we are in a fiscal
12	crisis. I can't see why would be handing out
13	just-in-case money to some of your friends.
14	From our standpoint, unless you can
15	provide us justification for why the commission
16	would be engaging into a process where they would
17	adopt the very same map that was put together by
18	you and a couple of your friends, I don't see why
19	this legislature should approve it.
20	CHAIRMAN SCHMITT: That's twice that you
21	referred to the law firm as his friends.
22	LEGISLATOR ABRAHAMS: No, no. I said he
23	put together a redistricting map last year with
24	him and a couple of his friends, or colleague.
25	Sorry.

Rules Committee - 5-7-12 1 CHAIRMAN SCHMITT: Colleagues would be a 2 much better word. 3 4 LEGISLATOR ABRAHAMS: Of course. There 5 were two people in the basement with him. 6 CHAIRMAN SCHMITT: No, I was never in 7 the basement with him. LEGISLATOR ABRAHAMS: But I'm sure you 8 9 instructed it. And I'm sure you saw the map 10 before we did. CHAIRMAN SCHMITT: Mrs. Jacobs. 11 12 LEGISLATOR JACOBS: Not being an 13 attorney, which sometimes is a great thing on 14 this legislature, because I'm going to talk to 15 you as a layperson. 16 I would call this stacking the deck, if 17 there was a simple way to put it. Stacking the 18 deck to get a law firm that we have no idea if 19 the commission has agreed, even your half of the 20 commission has agreed to use, we are going to 21 have them standing there for this amount of 22 money, waiting to take action on a map that 23 you've already decided is the way we should go. 24 Let me ask you. You have absolutely no 25 confidence in all in this commission we're

REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 72
2	putting together. Let me put it in a question.
3	Do you have any confidence at all?
4	COUNTY ATTORNEY CIAMPOLI: To answer a
5	question with a statement of fact, I have not
6	seen anyone on this side of the horseshoe say
7	we're willing to stipulate that we will abide by
8	any plan the commission adopts and there will be
9	no litigation. So on the one hand you're saying
10	I'm looking to stack the deck, looked at from a
11	more proper perspective, I'm getting ready. I am
12	putting the resources at hand, engaging the firm
13	that has specific experience in this area, and
14	making sure they're available to defend the plan
15	that the County Legislature ultimately adopts.
16	LEGISLATOR JACOBS: You are more than
17	getting ready. There's \$500,000 that the
18	legislature wisely put aside to deal with
19	anything that might come about due to
20	redistricting. What you're doing is ensuring
21	that half of this legislature has a little bit
22	more than \$250,000 and the other half doesn't.
23	That's what you're doing. You're asking a full
24	legislative body or a full legislative rules
25	committee to agree to what you're saying when we

1 Rules Committee - 5-7-12 know it's specifically to help only one side. 2 Ι am totally amazed at this. 3 4 I was here ten years ago. I was here 5 when we redistricted ten years ago. I know what 6 happened. I realize there's five and there's 7 five, and then there's the chair that's appointed by the county exec. We all can add up and we 8 9 could all see where more weight would be given, 10 although the votes on the committee, itself, on the commission, are equal. And then the 11 12 legislature decides which map they're going to 13 I know all that. And I know that adopt. necessarily the side that doesn't get their map 14 15 adopted will obviously fight something in court. 16 We all know that. There's no secrets about that. 17 What amazes me is the way the map was drawn up 18 last year, to begin with. Number two, the very 19 fact that you're saying to us this is not 20 stacking the deck. If there's anything that ever 21 stacked the deck, this is it. 22 You are ensuring an extra pot of money 23 for your side of the aisle. And I really have to remind you, like we have before. You represent 24 25 all of us. I'm not naïve. I know you have the

2	majority over there, and that's fine. But you
3	know. I'd like to think that maybe good minds
4	might be able to give you a very good map. We're
5	not in the dark some place. But give us a chance
6	to have a fair map, which is what happened with
7	the Republicans drew it before the legislature
8	was formed, and what happened ten years ago when
9	it was drawn under our leadership.
10	CHAIRMAN SCHMITT: Please. Ten years
11	ago, where you introduced a third map in the dead
12	of night and had a vote on it without even a
13	public hearing? That's the example of how you'd
14	like to see this commission work? So noted.
15	LEGISLATOR JACOBS: Well, let me tell
16	you something. There was nobody who was
17	literally destroyed in either time there was
18	redistricting here. This will set a new avenue.
19	You tried to do it last year and it didn't work.
20	CHAIRMAN SCHMITT: If at first you don't
21	succeed
22	LEGISLATOR JACOBS: Now we're going to -
23	- You know what? I'll tell you truthfully. It's
24	really a total joke to all of you. I see you're
25	smiling. I see Mr. Schmitt smiling. And I think
	REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 75 2 that's great. Let it be reported that this is a The bottom line is it's pretty serious 3 joke. 4 when you're dealing with people that depend on us 5 to do the right thing. CHAIRMAN SCHMITT: And we have a Charter 6 7 and we have a very clear map of what the 8 commission is supposed to do. We have a very 9 clear map of what the legislature has to do. We 10 know it will be done according to the book, right down the line of what the Charter calls for. 11 We know that at the end of the day there's going to 12 13 be a map adopted by a vote of ten to nine, and we 14 know that we're going to end up in court. 15 Therefore, we see --LEGISLATOR JACOBS: And I'm telling you 16 17 18 CHAIRMAN SCHMITT: no reason not to have 19 the ducks in a row. 20 LEGISLATOR WINK: I quess all the talk 21 of compromise we heard today meant nothing to that side of the aisle. 22 23 LEGISLATOR JACOBS: Mr. Schmitt, the 24 bottom line here is we're all grown people. We 25 all know that when you have the majority, it's REGAL REPORTING SERVICES

2	obviously weighted more in your favor.
3	The last map that you tried to put
4	forward was not only weighted in your favor, it
5	was destroying what is. There's a difference.
6	There's a difference between a fair fight
7	district map and something that is literally put
8	in blood, literally blood, on the paper.
9	I'm telling you I think a vote for this
10	is a vote for unfair redistricting a vote that
11	will be under scrutiny now for months to come.
12	Quite honestly, I think it's a real slap in the
13	face to the people you put on the commission, the
14	people we put on the commission. I don't know
15	what you're trying to accomplish here, but it's
16	an embarrassment to every side, and should be to
17	your side too.
18	CHAIRMAN SCHMITT: Okay. Anybody else?

20	Any public comment?

Rules Committee - 5-7-12 77 1 2 (Nay.) The item carries by a vote of four to 3 4 three. 5 Now we're going to call the items that can be called in bulk that both sides have agreed 6 7 have been sufficiently debated in other 8 committees. Items Number 154, 155, 157, 158, 159, 9 160, 170, 171, 172, 173, 174, 175, 176, 177, 178, 10 179, 180, 181, 182, 183, 184, 185, 186, 310, 311, 11 313, 314, 316, 317, 318, 319, 320, 323, 324, 325, 12 13 326, 327, 328, 332, 334, 336, 337, 338, and, on 14 the addendum, 312 and 124. 15 May I have a motion, please? 16 LEGISLATOR WALKER: So moved. 17 LEGISLATOR NICOLELLO: Second. 18 CHAIRMAN SCHMITT: Moved by Legislator 19 Walker, seconded by Legislator Nicolello. 20 Any public comment on any of these items 21 that have been called? (No verbal response.) 22 23 All those in favor please signify by 24 saying aye. 25 (Aye.)

1 Rules Committee - 5-7-12 78 2 Any opposed? (No verbal response.) 3 4 The item carries unanimously. 5 Legislator Abrahams. 6 LEGISLATOR ABRAHAMS: Just for the sake 7 of the record. The items that passed in the committee a little bit earlier regarding the 8 Lewis & Fiore contract, I had mentioned that I 9 10 had some knowledge that there was a meeting for the redistricting commission; I think Mr. 11 12 Ciampoli responded in the affirmative. But, to 13 our knowledge, we have not seen any correspondence substantiating a meeting for 14 15 tomorrow, public notice for a meeting tomorrow. 16 I just wanted to make sure that was clear on the 17 record. I was responding to more rumor, I guess, 18 than anything else. I just wanted to make sure 19 it's clear on the record that we are still 20 awaiting an actual notification if there is going 21 to be any meetings coming up. 22 Thank you. 23 CHAIRMAN SCHMITT: Thank you. 24 Where's the clerk? Rules Committee - 5-7-12 1 80 2 Any opposed? (No verbal response.) 3 4 The item carries unanimously. 5 Item 164 is a local law to amend Title 72 6 of the Miscellaneous Laws of Nassau County 7 entitled, "Vehicle Owner Liability for Failure of an Operator to Comply with Traffic Control 8 Indications." 9 10 May I have a motion, please? LEGISLATOR WALKER: So moved. 11 LEGISLATOR NICOLELLO: 12 Second. 13 CHAIRMAN SCHMITT: Moved by Legislator Walker, seconded by Legislator Nicolello. 14 15 I would ask that the testimony at the 16 previous committees regarding this item be made 17 part of the record. I think there's been, also, an amendment 11 in the nature of a substitution filed with this 12 13 item. Could we have a motion to accept the amendment? 14 15 LEGISLATOR BELESI: So moved. 16 CLERK MULLER: Motion made by Legislator 17 Belesi. Is there a second? 18 LEGISLATOR MUSCARELLA: Second. 19 CLERK MULLER: Seconded by Legislator 20 Muscarella. 21 We have to have a vote on the amendment. Rules Committee - 5-7-12 1 82 2 Opposed? CLERK MULLER: Just the amendment. 8 LEGISLATOR WINK: Just the amendment. 9 10 I'm going to oppose the underlying matter for moving the items into the general fund. But for 11 the amendment purposes, that's fine. 12 13 LEGISLATOR BELESI: Mr. Ciampoli. COUNTY ATTORNEY CIAMPOLI: This item 14 15 conforms to the County Code to accommodate 16 additional red light cameras that were authorized 17 in the state budget. It also changes the 18 dedication of the money to the general fund 19 instead of targeting the money. 20 LEGISLATOR BELESI: Mr. Denenberg. 21 LEGISLATOR WINK: I have a question. 22 LEGISLATOR DENENBERG: Thank you, Mr. 23 Belesi, Chairman. 24 All funds collected pursuant to this 25 local law with this amendment, instead of going REGAL REPORTING SERVICES 516-747-7353

The amended item does that. 17 18 LEGISLATOR DENENBERG: And that is not 19 just for these second stage or second 50 red 20 lights --21 COUNTY ATTORNEY CIAMPOLI: That's 22 correct. 23 LEGISLATOR DENENBERG: It would be for the first 50. 24 25 COUNTY ATTORNEY CIAMPOLI: For all. 2	LEGISLATOR DENENBERG: What about all

5	COUNTY ATTORNEY CIAMPOLI: Any money
6	collected under the old law would be allocated
7	under the old law.
8	LEGISLATOR DENENBERG: And I have the
9	record before me, when this was first proposed
10	under the previous administration, this
11	Legislature, and the majority at that time,
12	together with the minority, in a dialogue that
13	involved the currently presiding officer as well
14	as the current county executive, who was then-
15	Legislator Mangano. The idea was to ensure that
16	during that period of time, 2009, when there was
17	economic hardship and county budget gaps we were
18	trying to close, we wanted to make sure to
19	provide funding for contracts that the
20	legislature approved for Youth Board, Department
21	of Senior Citizens, Department of Veteran
22	Services, Department of Mental Health, Chemical
23	Dependency, and Developmental Disability, and
24	those contract agencies were kept whole and had a
25	funding source, which was a new funding source.

1	Rules Committee - 5-7-12 85
2	This would undo that.
3	COUNTY ATTORNEY CIAMPOLI: This measure
4	would provide the county with greater flexibility
5	in the event that we face more difficult economic
6	times, greater budget holes, or greater budget
7	holes are created by other persons, which would
8	require us to marshal our resources as best we
9	can so that we address what is necessary and
10	mandated of county government, as opposed to
11	services that are not mandated.
12	LEGISLATOR DENENBERG: Okay. So, I
13	guess in a direct answer, these funds from the
14	red light cameras would no longer go where the
15	legislature directed them to go in 2009.
16	COUNTY ATTORNEY CIAMPOLI: Assuming the
17	legislature direct that they go somewhere
18	different through this.
19	LEGISLATOR DENENBERG: Is somewhere
20	different is instead of to the agencies I just
21	talked about, it would go to the county's general
22	fund.
23	COUNTY ATTORNEY CIAMPOLI: It would go
24	to the general fund. It would not be a dedicated
25	channeling of the money. It would not preclude
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 86
2	the money from going there. But if there were
3	mandatory priorities that needed to be met by the
4	county government, obviously the county needs
5	flexibility to address that, and the county
6	cannot be left without funds to address the
7	services and functions that it must provide to
8	the citizens.
9	LEGISLATOR DENENBERG: So trying to
10	stick with an answer to the question then. If it
11	is deposited into the county's general fund, all
12	those concepts you just described as to where the
13	money could ultimately go, if we pass this
14	amendment, the money going to the general fund
15	would then leave it up to the county executive as
16	to where the funding should go.
17	COUNTY ATTORNEY CIAMPOLI: According to
18	the budget, which was proposed by the county
19	executive and adopted by this body.
20	LEGISLATOR DENENBERG: So what
21	Legislator Mangano wanted in terms of ensuring
22	the red light camera revenue went to the agencies
23	that I just described, three years later, now the
24	county executive wants it to go to the general
25	fund so he could decide how to allocate it.

1	Rules Committee - 5-7-12 87
2	COUNTY ATTORNEY CIAMPOLI: Again, I'm
3	not going to speak for what was present before
4	the legislature before I was county attorney.
5	What I am telling you is that this is designed to
6	give the county and the county executive a
7	greater flexibility in the use of these funds so
8	that it is not caught short. As you said,
9	Legislator Denenberg, back then there were
10	priorities that were addressed and there were
11	fiscal problems and holes in the budget that
12	needed to be addressed. We need to make sure
13	that the county is not faced with a fiscal hole
14	that swallows the county.
15	LEGISLATOR DENENBERG: Let me just read
16	something to the record, to you. When, as you
17	know the additional 50 red light cameras was
18	approved by this body in 2010, correct?
19	COUNTY ATTORNEY CIAMPOLI: I believe so.
20	2009. 09.
21	LEGISLATOR DENENBERG: No. The
22	additional. The second phase.
23	COUNTY ATTORNEY CIAMPOLI: Right. The
24	second phase I believe came in 10.
25	LEGISLATOR DENENBERG: Correct. It was
	REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 88 under the current administration that we proposed 2 a second phase, meaning an additional 50 red 3 4 light cameras, correct? 5 COUNTY ATTORNEY CIAMPOLI: That occurred in 2010. 6 7 LEGISLATOR DENENBERG: At the time --8 and I'm looking at a vote -- I was the only 9 legislator to vote against the implementation of 10 the additional 50. And here's the dialogue at the time. 11 I asked whether -- where the -- where the 12 13 revenue from the next phase of the red light cameras would go. I also guestioned the 14 locations at the time, and I found out the 15 16 locations were -- the lion's share was going on 17 Sunrise Highway and in certain south shore 18 communities, including Freeport. I was 19 questioning that at the time. You know, I still 20 will question where these additional 50 will go. 21 But this is not the time, and this is not what's in this amendment. But what's in this amendment 22 23 was, I stated, that this money would be used to 24 go to the general fund and not as directed by the 25 original legislation. Then Legislator Ciotti

1	Rules Committee - 5-7-12 89
2	said funding would go for the general fund and
3	not to the agencies that the legislation
4	originally provided for Youth Board, Senior
5	Citizens, Veteran Services, Mental Health,
6	Chemical Dependency. I would say to everyone
7	here, this makes it very clear that what I was
8	afraid of is exactly what's happening.
9	We're no longer using the red light
10	cameras as a way, a way to help those agencies
11	that needed the most help. We're having it go
12	straight to the general fund for the county
13	executive to decide what to do, which makes it
14	pretty clear that this is a revenue enhancer,
15	although we all intended that it would be
16	enhancing public safety.
17	If this comes to the general fund, the
18	Legislature can't ensure that this money goes to
19	Youth Board, Senior Citizens, Veteran Services,
20	Mental Health, Chemical Dependency, or other
21	contract agencies. Isn't that true?
22	COUNTY ATTORNEY CIAMPOLI: Well, I would
23	suggest that the legislature still has its
24	budgetary powers to direct where monies go.
25	However, again, the purpose of this bill, as
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 90 1 amended, is to create a flexibility for the 2 county to address holes in the budget, some holes 3 4 which some people may be creating as we speak. 5 LEGISLATOR DENENBERG: Well we had holes 6 in 2009 and we have holes in 2012. This body 7 thought in 2009 that it was important that any 8 revenue goes -- went from the red light cameras, 9 went directly to these agencies. I don't know 10 what changed, aside from who has control of the majority. The need, the need in those agencies 11 not only remain the same but are even worse now 12 13 than ever before. I'm going to be voting against this 14 15 amendment. 16 LEGISLATOR BELESI: Legislator 17 Muscarella. LEGISLATOR MUSCARELLA: I have a couple 18 19 of questions. 20 Mr. Ciampoli, the county is facing some 21 fiscal problems. Is that correct? COUNTY ATTORNEY CIAMPOLI: That's a fair 22 23 statement. 24 LEGISLATOR MUSCARELLA: And as we go 25 forward, there may or may not be certain actions REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 91 that the county takes or tries to take to address 2 those fiscal problems. Is that correct? 3 4 COUNTY ATTORNEY CIAMPOLI: That's 5 correct as well. LEGISLATOR MUSCARELLA: And what we're 6 7 doing here is taking money and allowing it to go into the general fund so that the county has the 8 9 ability to address the fiscal problems in the 10 event certain actions or other actions are not taken. 11 12 COUNTY ATTORNEY CIAMPOLI: That's 13 correct. LEGISLATOR MUSCARELLA: So let's just 14 15 assume that the county has some judgments against 16 it and a certain entity decides to try and attach 17 bank accounts or to force the county to pay those 18 judgments. This would allow certain monies to be 19 freed up to be used to meet those obligations. 20 Is that correct? 21 COUNTY ATTORNEY CIAMPOLI: That's 22 absolutely correct. LEGISLATOR MUSCARELLA: And although 23 24 this may be a different action than was taken in 25 2009, as Mr. Denenberg says, and although in 2009 REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 92
2	this body did not address the problems in this
3	way, this would allow us to address it in this
4	way.
5	COUNTY ATTORNEY CIAMPOLI: That's
6	correct. It gives us an insurance on providing
7	the essential services that the county must
8	provide for its citizens, mandated under state
9	law, federal law, and to use the resources
10	according to those priorities.
11	LEGISLATOR MUSCARELLA: A body may have
12	addressed certain problems in 2009 by, let's say,
13	providing 13 votes for bonding.
14	COUNTY ATTORNEY CIAMPOLI: Perhaps.
15	LEGISLATOR MUSCARELLA: And this would
16	allow, perhaps, there to be additional monies in
17	the general fund in the event this body decided,
18	in 2012, not to provide 13 votes for bonding.
19	COUNTY ATTORNEY CIAMPOLI: Perhaps.
20	LEGISLATOR MUSCARELLA: Okay. Thank
21	you.
22	LEGISLATOR WINK: Mr. Chairman.
23	LEGISLATOR BELESI: Legislator Wink.
24	LEGISLATOR WINK: With all due respect
25	to my esteemed colleague, those same questions
	REGAL REPORTING SERVICES

2

1	Rules Committee - 5-7-12 93
2	could have been asked in 2009 and yet,
3	nevertheless, then-Legislator Mangano sponsored
4	legislation to tie this money directly to the
5	not-for-profit agencies, which not only did we
6	agree with but we actually helped to expand to
7	include many of the other not-for-profits that
8	had been left out of the initial amendment. But
9	having said that.
10	The county executive, when he was a
11	legislator, saw no problem with tying this money
12	directly to the not-for-profit agencies that were
13	under tremendous stress, both in terms of county
14	funding, state funding, and other private funding
15	in 2009. None of those matters have changed, as
16	far as we can tell, for those not-for-profits,
17	and yet we're going to untie our own hands, for
18	our own benefit, at the expense of these not-for-
19	profits. That's what I'm hearing out of all of
20	this today.
21	COUNTY ATTORNEY CIAMPOLI: Well, I don't
22	think that is what you are hearing at all. I
23	think what you are hearing
24	LEGISLATOR WINK: I have a pretty good
25	idea, Mr. Ciampoli, of what I'm hearing.
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 94
2	COUNTY ATTORNEY CIAMPOLI: I understand.
3	But I think that what you are hearing is that the
4	factual basis that existed in 2009 does not exist
5	today; in fact, it is a quite different one. In
6	fact, to argue that the dedication of these funds
7	would stand in the way of the judgments that Mr.
8	Muscarella suggested, those funds could be
9	attached as well.
10	What could happen, though, is that a
11	judgment/creditor levying against county bank
12	accounts could attach any account. So it could
13	be those funds that get attached, it could be
14	others. It could serve
15	LEGISLATOR WINK: And that may be. But
16	that's
17	COUNTY ATTORNEY CIAMPOLI: to create
18	chaos in the county government.
19	LEGISLATOR WINK: Mr. Ciampoli, with all
20	due respect, that may be the case, but that does
21	not alter the fact that we can still segregate
22	these monies for the purposes of payments. If
23	they get attached, they get attached. But
24	whether they're part of the general fund or a
25	dedicated fund may not be relevant to whether or
	REGAL REPORTING SERVICES

1 Rules Committee - 5-7-12 95 not we should, in fact, disencumber that money 2 from these not-for-profits. That's the first 3 4 thing. 5 The second thing is, you know, you're 6 pointing out specific instances or potential 7 instances here where we may, in fact, on the minority side be limiting the ability of the 8 9 administration to maneuver financially in some of 10 these things. The fact of the matter is, it would be mistake for you to assume that that 11 12 wasn't the exact same case in 2009 on the part of 13 my colleagues to the right here. That is exactly 14 the case. We were very limited in our options 15 then, as well. So let's not pretend like this is 16 a brand new thing where a minority is standing up 17 against the majority on something, when in 2009 18 that's all we saw. You weren't here to witness 19 it; I was. So let's be clear about that. 20 Let me ask you a question, if I can, 21 about the monies that we received to date from 22 these red light cameras. 23 These monies have all been brought in 24 and, to the best of my knowledge, they've all 25 gone to not-for-profits. What I'd like to see is REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 96
2	an accounting of all that revenue that's come in
3	to date, from I believe August 2009 was when
4	the program was first implemented, until now, to
5	see where that money has gone where it has
6	come in, how much has come in, and where it has
7	gone, in terms of the not-for-profits they're
8	supposed to be funding. So I'm going to ask that
9	of you on behalf of the administration.
10	COUNTY ATTORNEY CIAMPOLI: I will get
11	that request to OMB
12	LEGISLATOR WINK: I appreciate that.
13	COUNTY ATTORNEY CIAMPOLI: on your
14	behalf.
15	LEGISLATOR WINK: I appreciate that.
16	Thank you.
17	LEGISLATOR BELESI: Legislator Ford.
18	LEGISLATOR FORD: Go ahead.
19	LEGISLATOR GONSALVES: Mr. Ciampoli,
20	none of us on this board would like to see these
21	services cut or not funded. However, isn't it
22	true that we would not be going down this track
23	if we had the cooperation of the minority in
24	helping us to avoid those judgments that could
25	take place on May 21?

1	Rules Committee - 5-7-12 97
2	COUNTY ATTORNEY CIAMPOLI: That would
3	seem to obviate the need for the flexibility that
4	is sought here. But again, remember, that is
5	only a one-shot. It is a continuing need for
6	cooperation and bipartisanship that we need here.
7	LEGISLATOR GONSALVES: This is what we
8	would hoping, that this would be the case, and
9	that the minority would join with the majority in
10	trying to make it possible for us to raise that
11	\$40 million that is due on May 21, so that we can
12	avoid these judgments. I would like to see us go
13	forward with the rest of the monies that will be
14	needed to settle those cases.
15	So I believe
16	LEGISLATOR DENENBERG: Norma. Norma
17	LEGISLATOR GONSALVES: I'm not talking
18	to you.
19	LEGISLATOR DENENBERG: Then the money
20	LEGISLATOR GONSALVES: Excuse me.
21	LEGISLATOR DENENBERG: should have been
22	going into that fund.
23	LEGISLATOR GONSALVES: I did not
24	interrupt you.
25	LEGISLATOR BELESI: Dave, you are out of
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 98 1 order. 2 LEGISLATOR GONSALVES: You're out of 3 4 order and that's it. 5 LEGISLATOR BELESI: David, you had your 6 shot. 7 LEGISLATOR GONSALVES: I am talking to 8 Mr. Ciampoli. We need the spirit of cooperation to avoid these Draconian cuts to these services, 9 10 non-profit organizations. But it's not going to 11 happen. It's not going to happen unless we get 12 the cooperation of the minority, as well. 13 LEGISLATOR BELESI: Any other debate or 14 discussion? 15 LEGISLATOR WINK: Yeah. I have one 16 quick question. 17 LEGISLATOR BELESI: Legislator Wink, 18 then Legislator Denenberg. 19 LEGISLATOR WINK: Mr. Ciampoli, is it 20 your position then the administration will 21 withdraw this matter if we somehow voted for 22 bonding? COUNTY ATTORNEY CIAMPOLI: I have not 23 24 discussed that with the county executive. 25 LEGISLATOR WINK: Okay. So then let's REGAL REPORTING SERVICES

2 not make representations on the record that 3 somehow allowing all this bonding is going to 4 change the way these red light camera monies are 5 going to be allocated going forward. 6 COUNTY ATTORNEY CIAMPOLI: I would tell 7 you that part of my education, and something that 8 does come to mind that does stands full square 9 behind this measure. I had the opportunity as a 10 young man to be a Boy Scout, and their motto is 11 be prepared. This certainly would at least allow 12 the county to be prepared to face budget holes.	99

18 Being prepared doesn't indicate that you take

21 So let's be clear about that. Preparation could

100 1 Rules Committee - 5-7-12 prepared because they took \$50 million away from 2 something they knew was an ongoing, recurring 3 4 expense to this County, and they allocated 5 wherever else they felt it was important, but 6 they took the money out of something they knew 7 they needed. COUNTY ATTORNEY CIAMPOLI: 8 I must differ 9 with you on that because there is a multi-year 10 plan that was approved by this legislature and by The holes that potentially we face are 11 NIFA. there because of deviation from the plan, not 12 13 compliance with the plan. LEGISLATOR WINK: And let's be clear 14 15 about that. NIFA, as I understood it, agreed 16 that the only way they would consider the \$450 17 million worth of borrowing this administration 18 has asked for in the multi-year plan, was if the 19 administration put forward \$150 million worth of 20 recurring savings, which, by any account, they 21 have not done yet. They are nowhere near that 22 \$150 million mark. So let's be clear about that. 23 NIFA never approved that 450 million. They 24 agreed to have a dialogue about it if this county 25 met the 150 million worth of savings; they have

1	
1	Rules Committee - 5-7-12 101
2	not done that. So let's be clear about this.
3	This is not NIFA having signed off on everything
4	and it's just in our court. NIFA has not signed
5	off on this.
6	COUNTY ATTORNEY CIAMPOLI: Well, they
7	have signed off on the multi-year plan. It is a
8	fair statement, as you heard from the other side
9	of the aisle, that these monies could go for
10	things that effect public safety if we have the
11	money to do it. Obviously, there is a tie in to
12	the bonding and whether or not someone is going
13	to shoot a hole into the bottom of the multi-year
14	plan.
15	LEGISLATOR BELESI: Mr. Denenberg.
16	LEGISLATOR DENENBERG: Yeah. Mr.
17	Ciampoli, the whole argument you just said
18	presupposes then that the money from the second
19	phase of red light cameras wasn't proposed as
20	part of the multi-year plan and revenue of the
21	multi-year plan.
22	Going back to when I voted against the
23	expansion in 2010, the multi-year plan said then
24	that the revenue from the red light cameras would
25	go to plug the deficit, would go as general fund
	REGAL REPORTING SERVICES

I	
1	Rules Committee - 5-7-12 102
2	revenue in the future. So you're acting like all
3	of a sudden not voting for bonding is why this
4	has to go to the general fund when, in fact, the
5	very four year plan that you're talking about
6	presupposed that there was going to be a second
7	phase of red light cameras to balance the budget.
8	It was even part of the budget for 2011 as
9	something that didn't happen. So the
10	administration was always planning for this
11	revenue to go to the general fund.
12	COUNTY ATTORNEY CIAMPOLI: Well, to
13	address that succinctly, if it was part of the
14	2011 budget that didn't happen, that sort of
15	moots that question. But, more importantly, the
16	goal here is to achieve flexibility so that the
17	county can meet its required obligations to
18	provide services to protect public safety and
19	provide the federally and state mandated services
20	that the county has to provide.
21	LEGISLATOR DENENBERG: I don't think
22	you've talked of a quit pro quo, a vote for this
23	or we won't do this if you vote for that, and I
24	don't think that's what you're saying right now.
25	COUNTY ATTORNEY CIAMPOLI: Nor would I.
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 103 1 LEGISLATOR DENENBERG: Apparently some 2 people on the other side want to say that's what 3 4 it is. I don't think it is at all. But I will 5 say something that Legislator Wink called for would be interesting, because the information I 6 7 have is quite different. Until now, the revenue -- and the first 8 9 accounting of red light camera revenue happened 10 at the beginning of 2010. But the revenue from the red light cameras until now haven't gone to 11 12 the contract agencies. They just haven't. Ι 13 think here we're codifying what should happen from here on in. But it would be an interesting 14 15 accounting, as Legislator Wink mentioned, to see 16 where the revenue has gone to date from the red 17 light cameras. But I would say again, that in 2011 this was a gap closing measure, so it was 18 19 always intended to go to the general fund, and 20 that's why I voted against the implementation and 21 that's why I'm voting against these amendments. 22 Thank you. 23 LEGISLATOR BELESI: Thank you, Mr. 24 Ciampoli. 25 Last speaker will be Deputy Majority REGAL REPORTING SERVICES

2	Leader Gonsalves.
3	LEGISLATOR GONSALVES: Just to clarify.
4	We would not be in this position had we not
5	inherited a \$310 million deficit. And it's my
6	opinion and the opinion of the majority that if
7	we were not in this position we would continue to
8	fund those services that are very needed in this
9	county. However, there are mandated services
10	that we need to continue to serve and they take
11	priority. And this is not going to be an easy
12	time on the part of the administration or the
13	majority. We need to see cooperation on both
14	sides of the aisle. And if we don't want to see
15	these services cut, then let's get to the table
16	and talk about what needs to be done.
17	You created this \$310 million deficit,
18	not the majority and not the county executive.
19	And so we're the ones that had to clean up the
20	mess. Let me tell you something
21	LEGISLATOR DENENBERG: You have to be
22	kidding. You just have to be kidding.
23	LEGISLATOR GONSALVES: And so is the

3	also, more than coincidently, happens to be the

DEPUTY COUNTY EXECUTIVE WALKER: 22 The 23 item before you allows the county executive the 24 ability to make up to 40, \$41 million in cuts. Α 25 variety of different pathways are laid out. It's

1	Rules Committee - 5-7-12 110
2	a bill before you.
3	CHAIRMAN SCHMITT: Okay. Legislator
4	Abrahams.
5	LEGISLATOR ABRAHAMS: Thank you,
6	Presiding Officer Schmitt. I just want to read a
7	statement into the record in regards to
8	opposition on Item 315-12.
9	This item is the antithesis of a good-
10	faith legislative initiative. It is, in fact,
11	nothing more than a political stunt by which the
12	administration hopes to intimidate the
13	legislature with the threat of Draconian cuts,
14	which are a reality completely unnecessary. This
15	body should now bow down to such an attempt of
16	political extortion.
17	In fact, on the very same day that the
18	county executive seeks this limitus power to
19	slash expenditures, it has asked this body to
20	dole out, our calculation, nearly \$10 million in
21	contracts to its political friends. Rather than
22	blame the minority caucus for its financial ills,
23	the administration should control its own spend-
24	thrift habits.
25	The unbridled powers conferred upon the
	REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 111
2	county executive by this item would sweep away
3	any resemblance of checks and balances and
4	separation of powers, would expose the county to
5	massive liability of breach of its contractual
6	obligations, and deny basic governmental services
7	to the citizens of Nassau County that have
8	already paid for these services through hefty tax
9	bills.
10	It would be difficult to imagine an item
11	that is more flagrantly unlawful under the
12	Charter and the Constitution. No county
13	executive should be entrusted with such unlimited
14	power, let alone this on, as an ample
15	demonstrated by this unbroken record of poor
16	governance. Approval of this item should
17	constitute a wholesale abdication of rights and
18	responsibility of the legislature and a portrayal
19	of the office to which we have been elected.
20	It would be shameful for this body to
21	acquiesce in the county executive's monumental
22	power grab, and we urge all members of the
23	legislature to send the proper message of a
24	resounding rejecting it.
25	Thank you.

1	Rules Committee - 5-7-12 112
2	CHAIRMAN SCHMITT: Let me just answer,
3	to a limited extent.
4	The minority made it clear in a letter
5	dated December 15 that they were not going to
6	support the vote for bonding. So what we have in
7	front of us, in a broad picture, is we have tax
8	settlements and bonding to go along with the tax
9	settlements, to pay the tax settlements, that are
10	going to come up for a vote on May 21.
11	You've made it clear that you will not
12	support the bonding of these items. Now, whether
13	that actually holds true or not is up to you and
14	your members. But, obviously, you send a message
15	to this administration and to this legislative
16	majority that you are, if you follow through on
17	what you have written, that you are about to open
18	up a substantial hole in the county budget.
19	There are \$40 million in tax certiorari judgments
20	that are out there. The tax cert bar and
21	everyone else is watching to see what the actions
22	are of this legislature.
23	You know that you and I, the county
24	executive, and the County are being sued by the
25	tax cert bar over this situation. I would point
	REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 out to you that the vast bulk of these 2 settlements are to settle backlogs that 3 4 accumulated when you were in charge, the former 5 county executive and the democrats were in charge 6 of the legislature.

7 We have an obligation. The majority on the legislature, as well as the county executive, 8 9 to come up with a list of alternatives and come 10 up with a list, a plan of how we're going to prevent this county from either being attacked 11 12 with the settlement, with the presentation of 13 judgments where accounts that are necessary to carry on the functions of government have their 14 15 resources drained, or how we're going to handle 16 this challenge, for lack of a better word.

17 There is legislation in the committees 18 today that contain actions that we don't want to 19 take. Let me be very clear about that. We do 20 not want to stop the funds, the funding from the 21 red light cameras that are going into funding our 22 youth programs and other matters. We do not want to take the action listed in this \$40 million in 23 24 savings plans; go right down the list of what it 25 is.

1	Rules Committee - 5-7-12 114
2	All of this heartbreak, all of this
3	trouble, all of this hurtfulness that's going to
4	strike the most vulnerable segments of our
5	population goes away if the bonding for these tax
6	cert judgments is approved. If they are not
7	approved, you need to know and residents of this
8	county need to know, the county executive, with
9	the support of this majority on the legislature,
10	will take whatever steps are necessary to ensure
11	the fiscal health of the county and to meet this
12	challenge. And what ultimately happens here is
13	up to you.
14	LEGISLATOR ABRAHAMS: It sounds like to
15	me, Mr. Schmitt, that you're not prepared to roll
16	up your sleeves and work your challenges if that
17	was to happen. It sounds very clear to me that
18	by this legislation, by supporting this
19	legislation, that you're walking away for your
20	responsibilities and you're assigning them to the
21	county executive.
22	CHAIRMAN SCHMITT: Not at all. We're
23	authorizing there will be some amendments to
24	this legislation. But we're authorizing the
25	county executive, in a limited fashion, to take
	REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 115
2	these actions that are necessary to accumulate
3	\$40 million in savings. There's a time for
4	legislative deliberation and there is a time for
5	executive action. There's not a lot of time when
6	some lawyers walks through the door with a
7	judgment for one of these tax certs. Some of
8	these numbers are relatively big numbers.
9	There's not a lot of time to call a meeting and
10	go through committees and have discussions, and
11	so forth and so on, to authorize a course of
12	action that will allow the administration to get
13	the resources to meet the challenge. So we're
14	just getting the ducks in a row and setting it up
15	for what will happen if bonding isn't approved.
16	I should point out to you that every
17	participant in the county's fiscal remediation,
18	including NIFA, has agreed that the way to go is
19	to bond these judgments. That's quite a
20	statement coming from NIFA.
21	LEGISLATOR ABRAHAMS: No disrespect to
22	you, Presiding Officer Schmitt, but that is not
23	accurate.
24	CHAIRMAN SCHMITT: Well
25	LEGISLATOR ABRAHAMS: NIFA has charged
	REGAL REPORTING SERVICES 516-747-7353

1	Rules Committee - 5-7-12 116
2	this county with the responsibility of meeting
3	\$150 million worth of savings. To my knowledge -
4	- and I don't see Tim Sullivan in the audience or
5	Eric Naughton. We are only just a little bit
6	above \$100 million. So, from our standpoint,
7	since the county has not met its obligation, your
8	statement is inaccurate in the fact that there is
9	no support from NIFA to support any borrowing.
10	CHAIRMAN SCHMITT: Let me ask you a
11	question. Out of the \$100 million in savings
12	that has been accumulated in this county so far,
13	how much of it have you voted against?
14	LEGISLATOR ABRAHAMS: Your point?
15	CHAIRMAN SCHMITT: The point of the
16	matter is you're talking about rolling up your
17	sleeves, going to work and solving this problem,
18	what you have offered?
19	LEGISLATOR ABRAHAMS: We rolled up our
20	sleeves for the last ten years before you came
21	into the majority.
22	CHAIRMAN SCHMITT: And we're dealing
23	with the result.
24	LEGISLATOR ABRAHAMS: Yeah, you dealt
25	with the result. I'm sure you have. We rolled
	REGAL REPORTING SERVICES

516-747-7353

6

1	Rules Committee - 5-7-12 117
2	up our sleeves way before you even thought about
3	rolling up your sleeves. You didn't even
4	unbutton your sleeves. Are you kidding me?
5	CHAIRMAN SCHMITT: You can debate this
б	until the cows come home. The point of the
7	matter is every action has a reaction. What
8	we're saying, collectively, the county executive,
9	majority on the legislation, to you and the
10	public is if you take action A by not supporting
11	the bonding, we will take action B by doing the
12	red light camera cessation of funding and by
13	authorizing the county executive to take the
14	
	steps necessary to get the \$40 million. We're
15	not going to allow the county to get hit without
16	the appropriate response.
17	LEGISLATOR ABRAHAMS: And my response to
18	you, Mr. Schmitt, is very clear. We take
19	responsibility any item that requires
20	legislative approval, the county executive should
21	come back to us for legislative approval. But
22	apparently today, you're prepared to walk away
23	from that authority and give it all to the county
24	executive so that he can sweep through and door
25	\$40 million of cuts without this legislature
	DECAL DEDODUTING CEDUTOEC

1	Rules Committee - 5-7-12 118
2	having any ability to do anything of record to
3	change what he is doing. That's basically what
4	you are saying.
5	CHAIRMAN SCHMITT: Quite to the
6	contrary.
7	LEGISLATOR ABRAHAMS: No, it's quite the
8	same.
9	CHAIRMAN SCHMITT: I think that many, if
10	not most, of the items are listed in the
11	legislation I believe county can do without
12	legislative authority. I think it's a clear
13	this is just a clear statement that we will stand
14	together to meet the challenge.
15	LEGISLATOR ABRAHAMS: Let me make sure I
16	understand this. This is more symbolic that we
17	do it. If he already has the authority, why are
18	we taking this big thing and voting on this
19	today?
20	CHAIRMAN SCHMITT: With everything
21	around here, any action that he takes is open to
22	legal challenge. For example, if he goes into
23	furloughs and it's challenged in court and one of
24	the unions says he can't do that, the legislature
25	didn't approve it, well, we're taking all of
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 119
2	those obstacles away.
3	LEGISLATOR ABRAHAMS: I don't think the
4	unions would challenge it based on the fact that
5	the legislature didn't approve it. I think they
б	would challenge it because it's illegal to do it.
7	CHAIRMAN SCHMITT: There you go. You're
8	making my point.
9	LEGISLATOR ABRAHAMS: That's why it was
10	challenged by the previous administration, for
11	the same reason. It was challenged because it
12	was illegal to do it not because the legislature
13	did not approve it.
14	From our standpoint, we think and we
15	believe we are totally walking away from our
16	responsibility as legislators if we decide the
17	county executive's ability to cut \$40 million
18	without ever having to come back to the
19	legislature.
20	CHAIRMAN SCHMITT: He does have to come
21	back to the legislature, ultimately. The point
22	of the matter is that if you open up this kind of
23	challenge to the county's fiscal situation, it's
24	going to come rapidly. It's going to come
25	rapidly and it's going to require immediate
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 120
2	response.
3	LEGISLATOR ABRAHAMS: Mr. Schmitt, then
4	this body should deal with it rapidly. You
5	should be calling emergency meetings, which we
6	would be glad to give you the emergencies to deal
7	with, not saying we're going to agree with the
8	item per say. But we would be happy to come back
9	and deal with the items more expeditiously. But
10	you're not saying that. You're saying let's give
11	just give him the responsibility today.
12	CHAIRMAN SCHMITT: How we get to the
13	we apparently are both willing to get to the same
14	goal. How we get there is just a matter of which
15	road we take, and we're choosing to take this
16	road.
17	We want to be clear. It's not a matter
18	of maybe or this might happen or anything of that
19	nature. This will happen if the bonding is not
20	approved. That's it. There's just no other
21	place to go to get the necessary money to do
22	this. We'll go forward and we will deal with it.
23	It will just delay us in getting the additional
24	\$50 million in savings that we've been working
25	on. But we'll get where we have to get. We're
	REGAL REPORTING SERVICES

1	Rules Committee - 5-7-12 121
2	not going to allow the county to be taken down by
3	the refusal of the minority to participate.
4	And I would point out to you, for
5	whatever it's worth, that for ten years, when we
6	were in the minority, we always supplied the
7	votes necessary to bond the tax certs. We did
8	try on a couple of occasions to bring forward
9	reform of the broken system and were stymied by
10	the majority that didn't want to address the
11	issue. But we still continued to provide the
12	votes to settle the tax certiorari claims because
13	it was the right thing to do governmentally. It
14	never once entered into our mind to deny a bond
15	for that purpose.
16	We're going on the road to bringing the
17	county into a pay-as-you-go situation. This is a
18	big step and one of the final steps in getting
19	there, and it's to settle backlogs that
20	accumulated under the Suozzi administration, when
21	you guys were in charge of the legislation.
22	We have gone through hoops, as that big
23	stack of paperwork over there can attest to, to
24	get the bonds and everything to be pristine so
25	that everyone could do their due diligence. And

1	Rules Committee - 5-7-12 122
2	we've been back and forth with the county
3	attorney's office; no, this form is no good,
4	you've got to do it again. Just to make sure
5	that everybody could see and get whatever
6	information they had to get because we want to
7	put this behind us. But, you know.
8	LEGISLATOR ABRAHAMS: Mr. Schmitt, in
9	all fairness, we received that stack of paperwork
10	an hour before this meeting started.
11	CHAIRMAN SCHMITT: And that's fine.
12	You'll have plenty of time to review it between
13	now and the 21st.
14	LEGISLATOR ABRAHAMS: We're in May. Be
15	honest. The manner and the way these items have
16	come down is a total, total embarrassment for the
17	county. The level of incompetence that we have
18	seen in these documents, in them not being
19	clearly spelled out as we've seen in the past,
20	it's unconscionable that anybody would actually
21	support any of these items. Be that as it may.
22	You want this legislation body to
23	consider a possible yes vote when there is
24	literally thousands and thousands of stacks of
25	paper there that we got an hour before the

Rules Committee - 5-7-12 1 123 legislative meeting. I guess that's the way the 2 administration wants to handle its business, but 3 that's not the way --4 5 CHAIRMAN SCHMITT: We got the 6 information the same time that you got the 7 information, and my staff has analyzed all but 15 of them. 8 9 LEGISLATOR ABRAHAMS: Your staff 10 analyzed all but 15 pages? CHAIRMAN SCHMITT: That's exactly right. 11 LEGISLATOR ABRAHAMS: 12 We got them today. 13 We didn't get them on Friday. We got them an hour before the meeting started today. 14 15 CHAIRMAN SCHMITT: The point of the 16 matter is, we're going to pass them through the 17 committee, teeing it up, as has been said so many 18 times over the past ten years. And you'll have 19 plenty of time to review and do your due 20 diligence between now and the 21st. LEGISLATOR ABRAHAMS: If it doesn't 21 22 change again. The numbers change. What's the number today? Is the number 102? 40? 23 148? 24 140? It changes every day. Seriously. 25 Seriously.

Rules Committee - 5-7-12 1 124 The level of incompetence that has 2 3 existed is unbelievable. What's the number? 4 CHAIRMAN SCHMITT: I don't know the 5 question. 6 LEGISLATOR ABRAHAMS: Do you even know 7 the number? 8 CHAIRMAN SCHMITT: I don't know what you 9 are questioning. LEGISLATOR ABRAHAMS: What's the number 10 of the refunds? You read through the package, 11 12 didn't you? 13 CHAIRMAN SCHMITT: I didn't say I read through the package. 14 LEGISLATOR ABRAHAMS: Tell me the 15 16 number. What's the number of the amount of refunds? We don't know. We're going to vote 17 18 for it anyway. We don't know. What is the 19 total? Tell me what that pile totals. Your 20 staff read through it since Friday. 21 CHAIRMAN SCHMITT: I cannot answer your 22 question. LEGISLATOR ABRAHAMS: But your staff 23 24 read through it since Friday. 25 CHAIRMAN SCHMITT: I can't hear what REGAL REPORTING SERVICES 516-747-7353

Rules Committee - 5-7-12 1 125 they're telling me. If you would shush for a 2 3 minute. 4 LEGISLATOR ABRAHAMS: Yeah. You 5 should know it, Mr. Schmitt. You're getting 6 ready to vote yes, aren't you? We haven't added 7 it up, folks, but we're ready to vote yes. 8 DEPUTY COUNTY EXECUTIVE WALKER: 33.5 9 million. LEGISLATOR ABRAHAMS: Thank you, Mr. 10 Walker. 11 DEPUTY COUNTY EXECUTIVE WALKER: 33.5 12 13 million. LEGISLATOR ABRAHAMS: Thank you. But 14 15 we're ready to vote yes and we don't know the 16 number. CHAIRMAN SCHMITT: We're ready to vote 17 18 yes because we reviewed it --19 LEGISLATOR ABRAHAMS: The number changes 20 so many times, that's why we're not ready. But 21 you're ready to vote yes even though you don't know the number. 22 CHAIRMAN SCHMITT: Take the next 11 days 23 24 and get ready. 25 LEGISLATOR ABRAHAMS: How are you REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 prepared to vote yes and you didn't even know the 2 3 number? 4 CHAIRMAN SCHMITT: The numbers are 5 individually listed on your docket. \$155,000. 6 \$386,000. I didn't add them all up. \$128,000. 7 LEGISLATOR ABRAHAMS: Mr. Schmitt, you know all full, too well, that the number has 8 changed several times in the last few weeks. All 9 10 too well, the number has changed. CHAIRMAN SCHMITT: What is your point? 11 12 LEGISLATOR ABRAHAMS: My point is, 13 wouldn't you like to know what the new number is 14 today? The wheel is spinning. 15 CHAIRMAN SCHMITT: Don't you think your 16 staff ought to look through that paperwork before 17 you say it's incomplete or you can't get it done? 18 Between now and the 21st, you can't get it done? 19 LEGISLATOR ABRAHAMS: We want to take 20 our opposition very seriously. We want to 21 analyze it before --22 CHAIRMAN SCHMITT: Go right ahead. 23 LEGISLATOR ABRAHAMS: What I'm trying to 24 say is you got the documents on Friday; we got it 25 an hour before this meeting started today.

Rules Committee - 5-7-12 127 1 CHAIRMAN SCHMITT: Why is that? 2 They 3 were filed Friday. Why didn't they get them? 4 Mr. Muller, they were filed Friday. Why didn't 5 they get them? LEGISLATOR ABRAHAMS: 6 They were 7 delivered today by Mr. Molina at noon. We didn't 8 get them electronically. We would hope to have that type of -- today. We got them 9 10 electronically today. I'm sorry. We're not 11 going to get an answer. It's a moot point 12 anyway. 13 Thank you. 14 CHAIRMAN SCHMITT: Okay. 15 Anybody else? 16 (No verbal response.) 17 Any public comment? 18 (No verbal response.) 19 All those in favor of Item 315 signify by 20 saying aye. 21 (Aye.) 22 Any opposed? 23 (No.) 24 The item carries by a vote of four to 25 three.

16	This is a bond to pay for settlements of

19	It's to supplement the payment for the police

Rules Committee - 5-7-12 1 LEGISLATOR WINK: Yeah. I have a 2 question. 3 4 CHAIRMAN SCHMITT: Legislator Wink. 5 LEGISLATOR WINK: Ms. LoCurto, I recall 6 you appearing before this body a couple of months 7 ago about this item, indicating that this is something we have never bonded for before. 8 9 MS. LOCURTO: I think Legislator 10 Denenberg had asked me about that. I believe there were two bonds that were also for two 11 12 million; one was for the two million to pay 13 correction of errors related to assessment reductions for correction of errors. This \$2 14 15 million bond, though, is separate and apart. 16 This is to pay for settlements for property 17 damage claims. I apologize. I don't recall. Ι 18 do recall the statement that you're making, but 19 I'm not sure if I was referring either to this or 20 to the correction of errors. 21 LEGISLATOR WINK: I recall it. We'll 22 certainly look for the transcript now. But I 23 recall it being about this exact item. That 24 these are the types of settlements that are never 25 bonded for and were never bonded for in this

I can't make that affirmative statement 6 today. 7 LEGISLATOR WINK: I understand. MS. LOCURTO: I don't want to give you 8 9 the wrong information. 10 LEGISLATOR WINK: Ms. LoCurto, the record will speak for itself. We'll get the 11 12 record, and we'll take a look at it. 13 MS. LOCURTO: Okay. LEGISLATOR WINK: I'm troubled by it. 14 15 Quite frankly, this is something we've never seen 16 before. We don't see these settlements of small 17 fender benders and minor property damage and want 18 not. Now, all of a sudden, we're seeing \$2 19 million worth. 20 Thank you. 21 CHAIRMAN SCHMITT: I'd like to know the 22 answer to that question too. Have we bonded 23 these in the past? 24 MS. LOCURTO: As I said before, I don't 25 want to speak off the top of my head. REGAL REPORTING SERVICES

Rules Committee - 5-7-12 1 131 CHAIRMAN SCHMITT: Well, you've been 2 3 here a long time in the county attorney's office. 4 Can you find that out? 5 MS. LOCURTO: Yes. I will, and I will 6 get you that answer. 7 CHAIRMAN SCHMITT: I'm told by my staff 8 that they have been bonded in the past. But I 9 would like to clear up that question before we 10 come to the Full Legislature. Okay. Anybody else? 11 12 (No verbal response.) 13 Any public comment? (No verbal response.) 14 15 All those in favor signify by saying aye. 16 (Aye.) 17 Any opposed? 18 (Nay.) 19 It passed in Finance by a seven-nothing 20 vote, and now it's a four to three vote. The 21 item carries by a vote of four to three. I should have called this before. 22 Ιs Jerry Laricchiuta here? He left. He had filed a 23 24 slip to speak. Let the record show that we 25 called his name.

Rules Committee - 5-7-12 134 1 I'm also going to exclude Items 204 and 2 212 from the amendment. 3 I offer the amendment.
