---------------	---	---

1	Government Services & Operations Committee - 6-4-12 4
2	CHAIRMAN KOPEL: I will call the roll.
3	I'm here.
4	Legislator Ford?
5	LEGISLATOR FORD: Here.
6	CHAIRMAN KOPEL: Legislator Becker?
7	LEGISLATOR BECKER: Present.
8	CHAIRMAN KOPEL: Legislator Nicolello is
9	substituting for Legislator Dunne.
10	LEGISLATOR NICOLELLO: Here.
11	CHAIRMAN KOPEL: Legislator Wink?
12	LEGISLATOR WINK: Here.
13	CHAIRMAN KOPEL: Legislator Denenberg?
14	LEGISLATOR DENENBERG: Here.
15	CHAIRMAN KOPEL: Legislator Troiano?
16	LEGISLATOR TROIANO: Here.
17	CHAIRMAN KOPEL: We have a quorum.
18	We have one item here today and that is
19	an ordinance to adopt the Nassau County budget
20	for Nassau Community College for the fiscal year
21	commencing September 1, 2012, ending August 31,
22	2013, and to appropriate revenues and the total
23	amount of monies to be raised by taxation within
24	the County of Nassau for the purposes of Nassau
25	Community College for such fiscal year, pursuant
	REGAL REPORTING SERVICES

1	Government Services & Operations Committee - 6-4-12 5
2	to the provisions of the Education Law, the
3	County Law, the General Municipal Law, the County
4	Government Law of Nassau County and the Nassau
5	County Administrative Code.
6	May I have a motion, please?
7	LEGISLATOR BECKER: So moved.
8	LEGISLATOR NICOLELLO: Second.
9	CHAIRMAN KOPEL: Moved by Legislator
10	Becker, seconded by Legislator Nicolello.
11	DR. ASTRAB: Yes. Good afternoon.
12	Donald Astrab, President, Nassau Community
13	College. I want to thank the members of the
14	Government Services Committee. Thank you for
15	providing me this opportunity to present to you
16	Nassau Community College's budget for fiscal year
17	2012-2013, and I also want to thank you for your
18	expeditious consideration.
19	The NCC budget for 2012-2013 is a no
20	tuition increase/no fee increase/no tax increase
21	budget.
22	It is my understanding that the public
23	hearing on the College's budget has been set for
24	June 18, so I will keep my remarks today on the
25	brief side. However, I do want to highlight
	REGAL REPORTING SERVICES

1	Government Services & Operations Committee - 6-4-12 6
2	those areas that have been if focus in the past.
3	First, for the fourth year in a row, this
4	budget does not assume or ask for any increase in
5	County property taxes supporting the College. We
6	are very grateful for the level of support Nassau
7	County has given to the College in the past, and
8	that level of support has enabled the County's
9	contribution, as a percentage of the overall
10	College budget, to stay pretty close to the level
11	envisioned by state law. Although we recognize
12	that maintaining the County's commitment on
13	behalf of the College's operating budget will
14	require additional revenues at some point in the
15	future, we also recognize the reality that such
16	additional revenues would not be forthcoming this
17	year.
18	Second, this budget does not include any
19	increase in tuition or fees. Currently, students
20	are bearing more than 40 percent of the cost of
21	the College's operating budget. This already
22	high percentage would have been even higher if it
23	had not been for a significant increase in state
24	aid this year, which amounted in NCC's case to be
25	almost \$3 million. However, to put this increase
	REGAL REPORTING SERVICES

1	Government Services & Operations Committee - 6-4-12 7
2	in context, the level of state aid to all
3	community colleges, including NCC, even with this
4	increase, is less than what was available in
5	2003. All elements of the College
6	administration, faculty, and students expended
7	considerable efforts this past year in advocating
8	for an even larger increase in state aid. We are
9	grateful to our state representatives for this
10	increase, but I assure you that our efforts will
11	continue at the state level, to see that the
12	state ultimately can provide the level of aid
13	envisioned in state law. By providing for no
14	increase in tuition or fees, we have been able to
15	keep the tuition at \$3,990 annually, which is the
16	same level as Suffolk Community College charges.
17	In addition to being mindful of maintaining our
18	competitive position with respect to other
19	community colleges, the level of tuition in this
20	budget recognizes that substantial tuition
21	increases put at risk our ability to fulfill our
22	mission of offering affordable, high quality
23	higher education.
24	Third, with respect to spending in the
25	budget, spending will be increased by less than
	REGAL REPORTING SERVICES

1	Government Services & Operations Committee - 6-4-12 8
2	one percent compared to the adopted College
3	budget for the fiscal year 2011-2012. To put
4	this in further context, the College budget for
5	2011-2012 itself called for less spending than
6	the College budget had in the adopted of 2009-
7	2010 in spite of the fact that the baseline
8	growth in the budget each year is approximately
9	\$10 million. In other words, the budget before
10	you today for you continues a pattern of the last
11	few years of significant spending restraint.
12	Finally, this budget spending will call
13	for \$1.5 million to come from fund balance.
14	Spending down fund balance is something that must
15	be done carefully and judiciously. But at a time
16	when other sources of revenue have been increased
17	to their practical limits and when spending, as I
18	indicated a moment ago, has already been
19	significantly restrained, tapping into fund
20	balance is not inappropriate. However, even with
21	this expenditure of fund balance, the level of
22	our fund balance is still within the Board of
23	Trustees' policy of what should be on hand to
24	deal with emergency spending needs.
25	With this brief description of what is
	REGAL REPORTING SERVICES

1 Government Services & Operations Committee - 6-4-12 9 2 within the budget, I want to again thank the committee for rescheduling the consideration of 3 4 this budget so expeditiously, and I also will be 5 available here for any questions. 6 But I want to make you aware of, on 7 Friday, the College took over operations for the new life sciences building. It's now in our 8 9 possession. We will actually start moving this 10 week. And over the next few weeks we will be extending an invitation to all the members of the 11 12 legislature to come tour the facility. And we 13 look forward to a grant opening early in the fall when all the students are back. 14 15 Thank you. And if you have any 16 questions, I'm certainly here. 17 CHAIRMAN KOPEL: Any questions from the 18 legislators? Legislator Becker. 19 LEGISLATOR BECKER: Mr. Astrab, good 20 morning. What time is it? It's three o'clock. 21 Wow. First of all, I have to compliment you 22 23 and thank you for the amazing work you're doing 24 over at the College there. You know it's one of 25 the shining stars in this County. It's one of

1 Government Services & Operations Committee - 6-4-12 10 the things that, despite the difficulties we've 2 had in this County, at least since I've been on 3 4 this board, that we can always claim to be doing 5 very well and, as I said, a shining star. 6 To present a budget as you have and to 7 work as hard as you've done to not have any tax increase or fee increase or even a tuition 8 9 increase is something that I can only say is 10 phenomenal. It, of course, recognizes the many difficulties that the country is experiencing and 11 that we are experiencing in Nassau County. 12 13 But you're at the helm of the College. 14 You're doing an amazing job. I've gotten to know 15 you personally. I've seen you and met you at 16 other functions. You promote the College in a 17 fantastic way. 18 The only thing that I am amazed at, of 19 course, is did you say the tuition is 3,000 -20 DR. ASTRAB: 990 per year. 21 LEGISLATOR BECKER: That's like a fire 22 sale. My kids went to various different schools and I think that the tuition was in the 30 to 23 24 That's pretty amazing, that you \$35,000 range. 25 can get the quality of education that you're

Government Services & Operations Committee - 6-4-12
getting, the foundation to go to a four-year
school and even, in some cases, begin a career,
because of the training you get at Nassau
Community College is amazing. And I have to
compliment you.

7 You've been at this job not too long, and I of course sometimes wonder if you thought it 8 9 was a great idea to come from Florida to here. Ι 10 hope that you at least feel that it is worthwhile. We certainly appreciate your 11 12 expertise and the amazing work you're doing. Μv 13 heartfelt thanks for your efforts and that of the Board of Trustees. Of course, I've been a strong 14 15 supporter of the College all along and always 16 felt that we should keep a hands-off approach to 17 the College, even more so now when you take into 18 account the difficult finances that I know are 19 going on at the College. You continue to do an 20 amazing -- this, to me, is an amazing budget. 21 And I know you're not sacrificing the education 22 and the quality of education the students are 23 going to get there. 24 You mentioned something about the life

25 science building. That's finally being built,

REGAL REPORTING SERVICES 516-747-7353

11

1 Government Services & Operations Committee - 6-4-12 12 2 right? When you say take over. DR. ASTRAB: Yes. The construction is 3 4 complete. We've actually assumed the 5 responsibility for the building from the 6 contractors on Friday, June 1. Weather 7 permitting, we'll start moving the nursing 8 department over there this week. I want to thank 9 everyone, the legislature for your support. And 10 when you talk about affordable education, I've been involved in higher education across the 11 12 country and I've never seen a county step up and 13 support its community college the way you do. 14 The tuition is at that level because of your 15 support and the work of so many. It continues to 16 be a jewel because of the faculty -- full-time, 17 part-time. 18 We have our challenges ahead, but we're 19 going to make the most of what we do have and 20 continue it to be affordable, high-quality, 21 higher education. 22 LEGISLATOR BECKER: My heartfelt thanks 23 to you as the leader of the College and the Board 24 of Trustees; I wish you would express my 25 sentiments to them, as well. Of course we've got REGAL REPORTING SERVICES

1 Government Services & Operations Committee - 6-4-12 13 amazing teachers and amazing kids that go to the 2 3 school. 4 DR. ASTRAB: Yes, we do. 5 LEGISLATOR BECKER: Thank you. DR. ASTRAB: Thank you. 6 7 CHAIRMAN KOPEL: Legislator Ford. LEGISLATOR FORD: Thank you. Dr. 8 9 Astrab, also I think I have to commend you on 10 this budget. I look forward to visiting the life science, the new life science building. I 11 12 remember taking the tour when it was under 13 construction. Just as an aside on that. Will 14 that allow you to open up the nursing program to 15 more students or would you pretty much stay 16 within the number that you have currently? 17 DR. ASTRAB: Initially we'll stay with 18 that number. The nursing program has its 19 accreditation visit this fall. I think the new 20 facility, with that visit, will lay the 21 groundwork for us being able to expand. But it will all be with their blessing. 22 23 LEGISLATOR FORD: I'm hoping that maybe 24 you will be able to expand it so that a lot more 25 young people can become nurses in today's world. REGAL REPORTING SERVICES

1	Government Services & Operations Committee - 6-4-12 14
2	For me and I know that you've done,
3	with the parking lots. I know that it always
4	seems, a lot of people would say it's just a
5	parking lot. But I have to say that all of you
6	working at the school have made it a priority,
7	because we know that our students have to travel,
8	have to park, find parking. None of them, or
9	maybe not all of them get to school early, in
10	time for classes, a lot of them are running late,
11	my son having had been one of them. Having taken
12	the tour to see what you've done so far on some
13	of the parking fields and I know that one of
14	the plans had also been that you were going to
15	join basically the parking fields so the students
16	wouldn't have to travel back onto Charles
17	Lindbergh Boulevard to go from one section to
18	another. Where are we with that?
19	DR. ASTRAB: The east lot, is pretty
20	much that area right now. It's about three-
21	quarters done, I would say. We've closed that
22	area for the summer so we can speed up and have
23	it done by mid-August and open for the fall. So
24	we are on target, weather permitting here, to
25	have that all complete. And I think we'd all say
	REGAL REPORTING SERVICES

1	Government Services & Operations Committee - 6-4-12 15
2	that this fall, we feel very confident for the
3	first time that parking, you'll be able to pull
4	in and find something somewhere.
5	LEGISLATOR FORD: I have to say that I
6	know that for the parents that did call my office
7	in regards to the situation way back when, I
8	thank you very much for expanding the parking
9	lot, making it safer, and providing that lighting
10	that we so desperately need. Thank you very
11	much.
12	DR. ASTRAB: It looks very good. Thank
13	you again for the support.
14	CHAIRMAN KOPEL: Anyone else?
15	(No verbal response.)
16	Dr. Astrab, thank you.
17	DR. ASTRAB: Thank you.
18	CHAIRMAN KOPEL: Any public comment?
19	(No verbal response.)
20	All those in favor please signify by
21	saying aye.
22	(Aye.)
23	Any opposed?
24	(No verbal response.)
25	The item passes unanimously.
	REGAL REPORTING SERVICES 516-747-7353

Government Services & Operations Committee - 6-4-12 That's all we have. I'll take a motion to adjourn. LEGISLATOR BECKER: Motion to adjourn. LEGISLATOR FORD: Second. CHAIRMAN KOPEL: Motion by Legislator Becker, seconded by Legislator Ford. All those in favor of adjournment? (Aye.) Any opposed? (No verbal response.) We're adjourned. (Whereupon, the Government Services & Operations Committee adjourned at 3:00 p.m.)

CERTIFICATE

I, FRANK GRAY, a Shorthand Reporter and Notary Public in and for the State of New York, do hereby state:

THAT I attended at the time and place above mentioned and took stenographic record of the proceedings in the above-entitled matter;

THAT the foregoing transcript is a true and accurate transcript of the same and the whole thereof, according to the best of my ability and belief.

IN WITNESS WHEREOF, I have hereunto set my hand this 25th day of June, 2010.

FRANK GRAY
