

Town Active Parks

- * This directory offers contact information for active parks located in Nassau County that fall under the jurisdiction of one of the three Towns. The distinguishing feature of active parks, in contrast to passive parks, is that they provide recreational facilities.
- ** The Towns are listed alphabetically.
- *** The active parks within each Town are listed alphabetically. The parks in this directory enforce different policies regarding public access to the facilities. Whereas some parks are accessible to the general public, several parks have restricted access, and others are open to district residents only. For information regarding access to a particular park, contact the facility using the phone number listed in the directory.

| Town Active Parks* | | | |
